

BOOST SALES, REDUCE CHURN, AND OUTSMART YOUR COMPETITORS WITH OUR AI-POWERED INSIGHTS

Our AI analyses your store's performance in real time. You don't need to hire anyone to do that for you.

Value Proposition

Predicts trends- AI forecasts demand so you stock the right products at the right time.

Personalize at scale- Dynamic customer segments for hyper-targeted campaigns.

Fix leaks fast- Provides automatic alerts for cart abandonment, low-converting pages, and more.

Key Features

AI Demand Forecasting

- Predict seasonal spikes with 97% Accuracy.
- *Our AI insights warned a fashion retailer to double stock on viral TikTok items. This saved her \$50 in missed sales.*

Customer Behaviour Heatmaps

- You get to see exactly where shoppers click, hesitate, or bounce.
- *One merchant increased conversions by 30% By only moving their "Add to Cart button"*

Competitors Benchmarking

- You can track rivals' pricing, promotions, and stock levels without crawling their sites.

Why Our AI Stands Out

- Very easy to understand. You don't need a data scientist to interpret the insights.

- Great self-learning models. This improves as your store grows.
- It's General Data Protection Regulation (GDPR) Compliant. This means that your data is safe with our AI.

Social Proof

We grew our ROI by 14% In 3 months. I can't believe I missed out on this for years.
