

The Business Growth Leak Audit

How To Add \$50K-\$100K In Monthly Revenue Without Spending More On Ads

YOU KNOW YOU HAVE WHAT IT TAKES

Your business is making less than \$30K/month.

Maybe \$10K. Maybe \$15K. Maybe you're just getting started.

But here's what keeps you up at night:

You KNOW you have what it takes.

Your service is solid. Your pricing is right. You've helped clients get results.

So why aren't the leads coming in?

Why aren't sales closing?

Why does it feel like you're doing everything right... but getting nowhere?

The Painful Truth

You've tried everything:

- Posted on social media (crickets)
- Ran some ads (wasted money)
- Reached out to potential clients (ghosted)
- Worked 60+ hours/week (still broke)

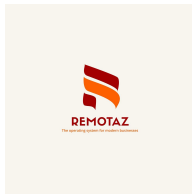

And you keep wondering:

"What am I doing wrong?"

"Why is everyone else growing but me?"

"Maybe I'm not cut out for this..."

Stop.

The Business Growth Leak Audit

How To Add \$50K-\$100K In Monthly Revenue Without Spending More On Ads

You're not the problem.

Your systems are.

HERE'S WHAT'S ACTUALLY HAPPENING

You don't have a marketing problem.

You don't have a sales problem.

You don't have a service problem.

You have a SYSTEM problem.

And it's showing up in 3 places:

1. **Marketing Leak** — You're getting some leads but most disappear
2. **Sales Leak** — You're talking to people but not closing them
3. **Operations Leak** — You're doing everything yourself and burning out

The operating system for modern businesses

Let me show you exactly where the money is leaking.

LEAK #1: YOUR MARKETING ISN'T CONVERTING

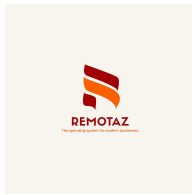

What's Happening Right Now:

You're posting content. Running ads. Reaching out.

And you're getting SOME response.

But then what?

- Someone fills out a form
- You respond... eventually
- You send a generic message
- They ask a question

The Business Growth Leak Audit

How To Add \$50K-\$100K In Monthly Revenue Without Spending More On Ads

- You answer
- Then... nothing

They ghost you.

And you have no idea why.

Why This Is Happening:

You don't have a **lead nurture system**.

Most people need 5+ touchpoints before they buy.

But you're giving them 1-2 and hoping they convert.

Here's what's missing:

- No automated follow-up sequence tem for modern businesses
- No educational content that builds trust
- No system to move them from "interested" to "ready to buy"
- No way to track who's hot vs cold

So leads come in. And they die.

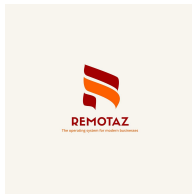

What This Is Costing You:

Let's say you're generating **50 leads/month**.

Without a nurture system:

- You convert **2-3 leads** (4-6%)
- You should be converting **10-12 leads** (20%+)

You're losing 7-9 deals every month.

At \$2,000/deal, that's **\$14,000-\$18,000/month** you're leaving on the table.

\$168,000-\$216,000 per year.

What You Need:

A **marketing system** that:

- ✓ Captures leads
- ✓ Nurtures them automatically (Social media + email + SMS)
- ✓ Educates them on your service
- ✓ Tracks who's ready to buy
- ✓ Makes buying easy

That's what **REMOTAZ** builds.

LEAK #2: YOUR SALES PROCESS IS BROKEN

What's Happening Right Now:

You're finally getting people interested.

They want to talk. They're asking about pricing.

But then...

- You explain your service
- They say "let me think about it"
- You follow up once
- They ghost

You're not closing.

The Business Growth Leak Audit

And you don't know why.

Why This Is Happening:

You don't have a **sales system**.

You're winging every conversation.

No script. No objection handling. No clear process.

So when someone asks "how much?", you panic.

When they say "I need to think about it", you don't know what to say.

When they ghost, you have no follow-up plan.

Every conversation is different. And most end with no sale.

The operating system for modern businesses

What This Is Costing You:

Let's say you're booking **20 appointments/month**.

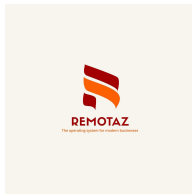

Without a sales system:

- You close **2-3 deals** (10-15%)
- You should be closing **5-6 deals** (25-30%)

You're losing 3-4 deals every month.

At \$2,000/deal, that's **\$6,000-\$8,000/month** you're losing.

\$72,000-\$96,000 per year.

The Business Growth Leak Audit

What You Need:

A sales system that:

- ✓ Has a proven script
- ✓ Handles objections smoothly
- ✓ Follows up automatically
- ✓ Closes consistently
- ✓ Works without you

That's what **REMOTAZ** builds.

LEAK #3: YOU'RE DOING EVERYTHING YOURSELF

What's Happening Right Now:

You're the marketer.

You're the salesperson.

You're the one doing the work.

You're the customer service rep.

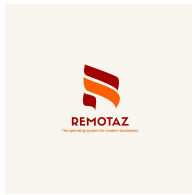

You're everything.

And you're exhausted.

You can't scale because you're the bottleneck.

Every new client = more work for YOU.

You're working 60+ hours/week just to stay afloat.

The Business Growth Leak Audit

How To Add \$50K-\$100K In Monthly Revenue Without Spending More On Ads

Why This Is Happening:

You don't have an **operations system**.

Everything lives in your head.

No documented processes. No team. No automation.

So you can't delegate. You can't scale. You can't grow.

You might even have a team but everyone still rely on you before they can function

You're trapped.

What This Is Costing You:

You're working 60 hours/week.

REMOTAZ

But 30 of those hours are things anyone could do:

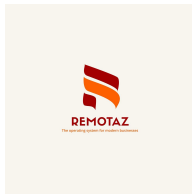

- Responding to DMs
- Scheduling appointments
- Sending invoices
- Following up with clients

30 hours/week × \$200/hour (your real value) = \$6,000/week wasted.

That's \$24,000/month. \$288,000/year.

Plus the growth you're missing because you don't have capacity.

You should be at \$50K-\$100K/month. But you're stuck at \$10K-\$30K.

The Business Growth Leak Audit

What You Need:

An **operations system** that:

- ✓ Documents your processes
- ✓ Automates repetitive tasks
- ✓ Lets you delegate
- ✓ Frees up your time
- ✓ Lets you scale

That's what **REMOTAZ** builds.

YOUR TOTAL LEAK

Here's what you're actually losing every month:

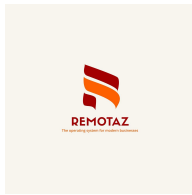

System	Monthly Leak
Marketing (lost leads)	\$14,000 - \$18,000
Sales (lost deals)	\$6,000 - \$8,000
Operations (your time + missed growth)	\$24,000 + opportunity cost
TOTAL	\$44,000 - \$50,000+/month

That's \$528,000 - \$600,000+ per year.

Not because you're bad at business.

But because **your systems are broken.**
