

# Master Printing Guide — Minimal Premium Planner

## Overview

This guide explains the differences between the Home, Professional, and Publisher editions. All editions contain the same planner content, formatted for different production methods.

## Home Edition

Use for home printers and basic print environments.

Best for personal use and small quantities.

## Professional Edition

Use for commercial digital printing and resale.

Recommended for selling printed planners.

## Publisher Edition

Use for bound books, perfect binding, or hardcover printing.

Includes mirrored margins for inner gutters.

## General Print Notes

Always print at 100% scale.

Disable automatic resizing or fitting.

Provide the relevant checklist to your printer.
