

# Printer-Facing FAQ — Minimal Premium Planner

## File Type

Print-ready PDF with embedded fonts and stable layout.

## Edition Selection

Print only the edition supplied by the client:

- Home Edition — home or copy-shop printing
- Professional Edition — professional digital printing
- Publisher Edition — book-bound printing with mirrored margins

## Page Size & Scaling

US Letter (8.5 × 11 in)

Print at 100% scale

Do not resize or fit to page

## Bleed & Crop Marks

No bleed included

Do not add crop marks unless explicitly requested

## Duplex Printing

Supported

Use long-edge binding

## Fonts

Primary fonts are embedded and licensed

Some PDF inspection tools may list base fonts (e.g., Helvetica, Symbol). These are unused system defaults and do not affect output quality

## PDF/X

Files are PDF/X-ready and suitable for standard digital print workflows

## Margins & Binding

Mirrored margins are included only in the Publisher Edition

Home and Professional Editions use uniform margins

## Modifications

Minor production adjustments (imposition, trimming, binding setup) are acceptable

Do not alter content or layout without client approval

## Proofing Responsibility

Final proof approval is the responsibility of the client

Summary for Printers: US Letter · 100% scale · No bleed · Long-edge duplex · Use supplied edition
