

PLAY SMARTER • LOSE LESS • WIN MORE

Poker isn't won with **flashy bluffs** or **heroics** — it's won through discipline, awareness, and making fewer costly mistakes than your opponents. **101+ Poker Tips** is a field manual built for low-stakes poker, drawn from thousands of hands played the hard way.

Whether you're **new to poker playing home games** or an intermediate grinding away at **low-stakes cash games in casinos**, this book meets you where you are. Each tip is practical and immediately usable; focusing on what works at the table, and not theory for theory's sake.

INSIDE THESE PAGES, YOU'LL LEARN HOW TO:

- ✓ Avoid the **most common mistakes** that quietly drain your stacks.
- ✓ Think **long-term** and survive variance without losing your confidence.
- ✓ Control pots, manage marginal hands, and **protect your bankroll**.
- ✓ Read your **opponent's patterns**, and their table dynamics.
- ✓ Play **strong hands** for maximum value — without fear.
- ✓ Handle tilt, fatigue, and emotional **decision-making**.
- ✓ Apply pressure and bluff with **discipline**.

Poker doesn't reward perfection — it **rewards discipline, consistency, patience, and awareness**. These tips won't promise miracles, but they will help you make better decisions, session after session, month after month.

"I hope these tips save you a few buy-ins, sharpen your instincts, and help you enjoy this amazing game we all love, with greater confidence and fewer regrets."
