EDITING YOUR TEMPLATES

Customizing Your Template

Customise the template to your liking by changing the texts, fonts, colours and images. Simply click on any element in the template then use the editing toolbar to edit to your preference.

Add Photos

Customise your template by adding your own photos or select from Canva's extensive stock photo library. Use the "Uploads" tab to upload your own images or explore Canva's collection by clicking 'Elements > Photos'.

Adjust Element Position

Easily rearrange any elements in your template by clicking and dragging them to your desired location.

Edit Pages

Delete, add, duplicate and rearrange pages as needed by clicking on the page's thumbnail to select the page you wish to edit. Then, using the editing tool bar to edit to your preference.

Adding a Link

Rightclick on any element where you want to add a link to. Click the 'Link' icon and paste the URL you want to link to in the setting. Ensure the link is correct and functional.

Reuse Your Template

Once you've finished customizing your template, simply make a copy of your template for future use and reuse them as many times as you'd like.

ADDING A QR CODE

Copy your URL

- Copy the URL you'd like the QR code to link to whether it be your social media, your listing or your review page. Ensure this link is correct and functional

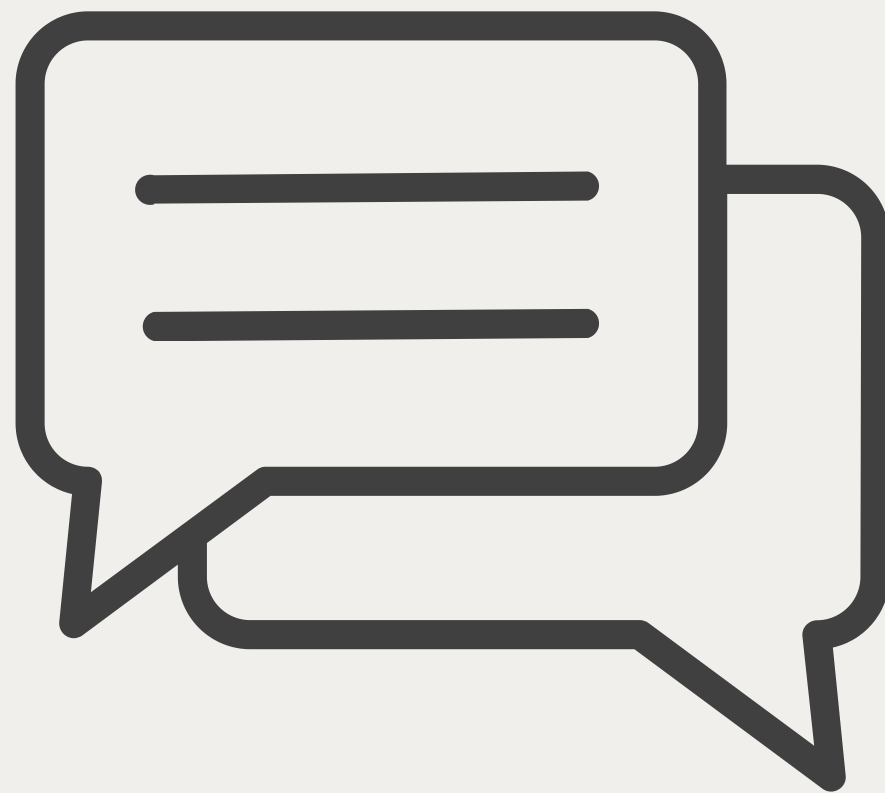

Generate a Free QR code

- Visit a free PDF QR code generator such as me-qr.com
- Enter your URL link into the QR code generator.
- Customize the QR code setting if needed, then generate the QR code

Use this QR code

- Upload your QR code image to Canva and drag and drop this into your template
- Now, your guests can scan the QR code to visit your social media, listing profiles and leave a review with ease.
