Grounded Mysticism for Life & Business

COZY ASTRO  
*Company*

BEFORE WE BEGIN

Somewhere along the way, you started building your life according to someone else's instructions. Their schedule. Their definition of success. Their framework for how things should be done.

It made sense at the time. You didn't have your own map yet.

*This guide changes that.*

Your birth chart is not a personality quiz. It is not a prediction. It is the architecture of who you actually are: how you think, feel, decide, act, love, rest, and lead. Every planet, every sign, every house is a room in a building that is uniquely, structurally, irreducibly yours.

In the next pages, I will give you the vocabulary to start reading that architecture. Not astrology jargon. Real words. Your words. By the end, you will have written sentences that describe YOU, in language that finally fits.

All you need is your birth chart (I will show you how to generate one), a pen, and about 30 minutes of honest attention.

*Ready? Open your chart. Keep it beside you. Everything we do here lives inside that wheel.*

## Generate Your Birth Chart

Your birth chart is a snapshot of the sky at the exact moment you arrived. To generate yours, you need three pieces of information:

- ◆ **Your date of birth** This determines where each planet sits in the zodiac.
- ◆ **Your exact time of birth** Even a few minutes shift the Ascendant and the houses. Check your birth certificate or ask family.
- ◆ **Your place of birth** This orients the sky. Two people born at the same moment in different cities have different charts.

### FREE TOOLS TO GENERATE YOUR CHART

**Astroseek.com** In English. Detailed, clear, the one I use personally.

**Astro.com** The reference in Western astrology. Comprehensive.

*Important: Use the Placidus house system (the default on most sites). It captures the nuance and complexity of each individual chart.*

*Once you have your chart open, keep it beside you for the rest of this guide. You will be using it on every page.*

## The Signs: Your Inner Vocabulary

*The Ascendant (your Rising sign) is the cusp of House I. It sets the entire house system in motion.*

## The Cozy CEO Method

### *How to Read Your Own Architecture*

Here is the formula. For every planet in your chart, you can build a sentence using this structure:

*“The planet [WHAT] represents [FUNCTION]. In [SIGN], it expresses itself with [ENERGY].  
In House [NUMBER], it influences the area of [LIFE DOMAIN].”*

That is the entire method. Planet + Sign + House = one sentence about you. Repeat for each personal planet, and you have a paragraph that describes who you actually are.

*The words you choose are yours. Not mine. Not an algorithm’s. The keywords on the previous pages are starting points. If a different word resonates more, use that one. This is your language, your architecture, your story.*

## Write Your Story

*Open your chart. Use the keywords from the previous pages to fill in each blank. Take your time.*

### **YOUR IDENTITY** (Sun)

*“My Sun in \_\_\_\_\_ and in the \_\_\_\_\_ house shows me that my vital energy passes through \_\_\_\_\_ and is expressed in \_\_\_\_\_.”*

---

### **YOUR PRESENCE** (Ascendant)

*“With an Ascendant in \_\_\_\_\_, my first instinct in the world is to \_\_\_\_\_. My natural style and my way of meeting others are colored by \_\_\_\_\_.”*

---

### **YOUR EMOTIONAL LANDSCAPE** (Moon)

*“My Moon in \_\_\_\_\_ and in the \_\_\_\_\_ house tells me that I feel safe when \_\_\_\_\_ and I nourish myself through \_\_\_\_\_.”*

---

### **YOUR MIND** (Mercury)

*“My Mercury in \_\_\_\_\_ and in the \_\_\_\_\_ house describes my way of thinking with \_\_\_\_\_, especially in matters of \_\_\_\_\_.”*

---

### **YOUR DRIVE** (Mars)

*“My Mars in \_\_\_\_\_ and in the \_\_\_\_\_ house shows that I act with \_\_\_\_\_ energy in areas related to \_\_\_\_\_.”*

---

### **YOUR VALUES** (Venus)

*“My Venus in \_\_\_\_\_ and in the \_\_\_\_\_ house shows that my values and my way of loving are colored by \_\_\_\_\_ in the realm of \_\_\_\_\_.”*

---

## Your Cosmic Architecture

*Bring It All Together*

*Copy your completed sentences here. Read them aloud. This is the beginning of your operating manual.*

*“You are the interpreter of your own story.”*

## What You Just Did

You just mapped the architecture of who you are. Not who someone told you to be. Not who a personality quiz says you are. The actual structure of your inner world, in your own words.

Most people never do this. They borrow frameworks, adopt other people's productivity systems, follow strategies designed for someone else's wiring. Then they wonder why it all feels slightly off.

Now you have your foundation. The next question is: what do you do with it?

You now have the ingredients. The Astro-CEO Personality Workshop shows you the recipe: how your Sun and Rising combine into a leadership signature, how your Moon and Mercury shape your decision-making, and where your Mars energy actually goes.
