

Top 10 AI Tools Starter Kit

Free for Beginners – Start Earning Recurring Commissions Today

Hey, I'm Derrick.

I've tested dozens of AI tools, and these are the **10 easiest ones** that actually help beginners save hours every week and make money online — **no tech skills**, no fancy equipment, and **no showing your face required**.

Download this free starter kit, start using the tools today, and I'll show you exactly how to turn them into passive income using Systeme.io (my #1 tool that pays me **60% lifetime recurring commissions**).

Let's get you paid.

1. ChatGPT (Free)

The #1 AI writer that generates blog posts, Pinterest pin descriptions, and email sequences in seconds.

Money Hack: *Write 10 affiliate product reviews and post them on your Pinterest or blog to drive traffic and sales.*
