

Vital Sound Bank Installation Instructions

Installing the soundbank:

- Extract the .vitalbank file onto your computer
- Open Vital
- Click on the hamburger menu icon in the top right
- Click the “**Import Bank**” option
- Find and select the .vitalbank file

Using The Presets:

- Click on the hamburger menu icon in the top right
- Select “**Browse Presets**”
- Navigate to the bottom-left area of the “**Preset Browser**” and scroll until you locate the new preset bank. Click to open it
- Next, browse the right-hand panel and choose the preset you’d like to use.
