

SMILING
FROM THE
INSIDE OUT

July 6–12, 2026
6:00 PM PST

Hello, I am Dat!

I completely understand how you feel.
For years I studied personal development. I read the books, attended seminars, took CE courses... but my life and my results didn't really change.

I felt stuck. I was working long hours as a dentist. Busy every day, seeing patients, running the practice... yet feeling exhausted and unfulfilled. Successful on paper. But inside I felt burned out.

I kept asking myself... why is all this knowledge not changing my life?
I didn't know how to apply what I was learning. I started to believe it worked for other people... but maybe not for me.
Part of me was afraid nothing would ever really change.

That this stressful routine was just the way life would always be.
But today I know something very different.
Life does not have to be this way.

Since 2017, I've had the privilege of helping many dentists transform the direction of their lives.

I've watched them create real changes such as:

- Improving their financial situation
- Changing the direction of their career
- Starting their first business or expanding the one they already have
 - Strengthening relationships with the people they love
 - Learning to truly love and accept themselves
 - Improving their health and overall quality of life

You are the reason I do this work.

Your success is part of my life's mission.

Deep inside, there is a quiet voice telling you that your life can be different. Better. Happier. Calmer. More meaningful.

I believe you can change the situation you are in today.

I believe the challenges you have gone through were not meaningless. They were preparing you for something greater.

And I believe this is not the time to give up.
Borrow my belief if you need to.
Giving up is never the answer.
Life is short.

Isn't it worth living it the way you truly want?

Dat Nguyen

CREATE AN AMBITIOUS GOAL

TYPES OF GOALS:

Type A Goal | A goal you know how to achieve.

Goal Type C | Your desire. The goal you truly want.

A C-type goal comes from your heart.

I am so happy and grateful now that...

It's Freedom
TIME

MAKE SURE...

Once you have your goal written down, ask yourself, "Why do I want this?"

Ask yourself this question 7 times and write down the answers that come below:

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.
- 7.

The final answer that comes is your real "Why."

Add your "why" to your goal card.

Place the goal card in your wallet, purse or pocket and read it several times a day.

Remember that the image you most often hold in your mind will sooner or later be expressed in physical form.

If you can't decide which goal is your C goal, read the "Decision" article for the next 30 days.

<https://decisionarticle.freedomtimecoaching.com>

MAKE SURE YOUR GOAL IS WRITTEN CORRECTLY:

- The goal should be written in the present or past tense
- The goal must be specific and measurable (how will you recognize the day when will you achieve your goal?)
- A goal should have a date by which you plan to achieve it.

SESSION 1 EXERCISES

- Take a selfie with your goal card and post it in our WhatsApp group. Let us know what you learned from your first session.

Client Testimonial ★★★★★

My Experience with Thinking Into Results

"My Biggest Challenge that I was facing prior to taking the TIR mentoring course was taking the major step to leave my day-to-day job and do my business that I had started years ago. Having the support of Dat and TIR I was able to move forward and take the leap to free up my time and to reach my dreams that had been sitting idle for years. TIR has helped me see the fear of moving forward is just a mental block that can be overcome through practicing the steps presented in the program. I have always been thinking and doing, I just need to think and do the things that are productive and that create the positive vibrations needed to grow."
