PATTERN NOT TO BE SOLD, REDISTRIBUTED OR SHARED.

PRINTING YOUR PDF

When printing a PDF from Adobe Acrobat Reader (and similar applications) you will see a setting for “**Scaling**” or “**Size**”.

Select the option “**Do Not Scale**” or “**Actual Size**” or “**Scale: 100%**”.

The PDF has been set up with the correct margins for most printers.

If you select “fit” or “scale to fit” the pages will be scaled down, and the pattern pieces will be printed slightly smaller than what the pattern requires.

To make sure you are printing at 100% scale, please refer to the 1”x1” scale test below.
