HELPING MOMS RAISE TEENS WHO UNDERSTAND MONEY, OPPORTUNITY & WEALTH

About Wealth Wise Moms Club™

Wealth Wise Moms Club™ is an education-first community, using real estate as a foundational learning tool, designed to help moms, their teens and families build:

- Financial confidence
- Ownership thinking
- Stronger money conversations
- Real-world life skills
- Long-term wealth-building habits

Why You Are Being Invited

You are being personally selected to explore this Advisory Panel because your expertise, reputation, and professional experience align with the foundation we are building.

We are intentionally curating a small, trusted circle of professionals across key industries, including:

Real estate • Mortgage • Insurance • Legal • Tax & accounting • Financial education • Wellness • Coaching • Youth development • Entrepreneurship

This is not a mass network.

It is a select advisory circle built on credibility, contribution, and collaboration.

What the Advisory Panel Offers

As an Advisory Panel Member, you may have opportunities to:

- Contribute your expertise through educational workshops and content
- Increase visibility within a trusted and growing community
- Collaborate with other highly respected professionals
- Participate in online and in-person educational experiences
- Strengthen your professional credibility through education-first engagement
- Expand your reach through aligned cross-community exposure

This is not a sales platform. It is a collaborative ecosystem where experts grow through trust, visibility, and meaningful contribution. You are encouraged to contribute as much as you are able, based on your availability and capacity.

While participation is flexible, members are expected to remain engaged by contributing value and supporting the community.

The Approach

This community is built on a simple principle:

- Education comes before promotion
- Families choose experts based on trust and value
- Collaboration creates opportunities that cannot be built alone

We are not building individual visibility.

We are building **collective authority through shared expertise.**

Next Step

If this opportunity resonates with you, I would be happy to share the full Advisory Panel Member Guide and explore whether there is a mutual fit.

Please reply with your interest, and I will send the next steps.

Warm regards,

Sonu Dullo

Founder, Wealth Wise Moms Club™

" Empowering moms to raise financially confident teens through education, conversation, and real-world learning by building a wealth culture at home!"
