EMAIL BODY

Hey [First Name],

Quick reminder before the weekend.

You've got 500 prompts and 10 templates — enough to never stare at a blank screen again. But if you want to stay ahead, here's the next step.

[Optional upgrade — Pro Vault]:

- Fresh prompt packs added every Friday
- 50+ extra editable Canva templates
- A swipe file of subject lines that hit 40%+ open rates

It's the same plug-and-paste system, just bigger — and it keeps growing while you sleep.

No pressure at all — what you already have works. But if content is your bottleneck, this removes it for good.

Either way, thank you for trusting me with your time.

TIP: Only send this if you actually offer an upgrade. Otherwise swap it for a review request.
