

Intro to the Language of Light

Thank you for joining! I am Victoria Webby and have been transmitting the Language of Light (or Language of the Heart) for 18 years.

I live in Australia and moved to Tasmania 5 years ago after a request from 'Spirit'/I AM. I am a mother, wife, caretaker of dogs and chickens and a beautiful garden in the Huon Valley. Most of all I feel I am a conduit of my Soul and am on a great epic journey of 'remembering' in every moment. I choose TO BE this through joy!

I have travelled to many countries on my own, with my husband David and friends, facilitating gatherings, connecting to the divine blueprint of Earth and simply enjoying life.

It is my greatest joy to provide a space for myself & others to connect to the Language of Light in whatever way their great Soul calls. We always come together in the perfection of time.
SO IT IS - SO BE IT!

What Is Language of Light?

“Language of Light is the wisdom of
our great Soul connecting and
communicating with us”

What Is Language of Light?

Language of Light is a sophisticated system of communication and connection that IS within all of us. It is a Universal, multi-dimensional language.

Language of Light is innately within us, it's natural for us to be able to communicate it freely. We use it all the time!

It is ready to be remembered, explored and expanded according to each individual's Soul choice.

*a multi-dimensional frequency of sound – whether it is words, sound, toning, writing, drawing, translation, movement it has sound;

*it communicates through our infinite, a massive rainbow bridge fusing of our physical world to our divine;

*it is within everything in nature, in the elements – trees, flowers, animals, mountains, rivers, everywhere and it is pulsing a sound of language into our cells;

*a dynamic balancing tool - energy that moves through 'every layer of resistance';

How can Language of Light assist us?

Over the past 18 years I have seen so many people:

- ✦ become less anxious and stressed as they shift into happiness;
- ✦ become more empowered in their choices in life;
- ✦ being able to shift direction with ease and grace & profound ways;
- ✦ standing in the power of 'their' own truth;
- ✦ advance their psychic connection, abilities;
- ✦ have incredible soul activations that profoundly alters their path;
- ✦ have visions of their multi-dimensional reflections;
- ✦ step into roles as facilitators and teachers;
- ✦ established healing facilitators learn how to communicate Light Language enhancing their ability to assist clients;
- ✦ see the truth of their feelings of separation and loneliness;
- ✦ assist with trauma in their lives;
- ✦ assist in flow of abundance, joy, happiness, connection;
- ✦ become stronger and more passionate about life;
- ✦ enhance their psychic abilities and connect with the Soul;
- ✦ become more integrated with their Soul, as they understand how to co-create and manifest with the universe.

WHAT IS A BLUEPRINT?

“Our Divine Blueprint or Soul Blueprint is the wisdom of our great Soul connecting and communicating with us”

Our ‘Divine Blueprint’ or ‘Soul Blueprint’ is like a multi-dimensional map, an energy field that aligns with our highest potentialities in every experience we choose.

Whether you believe in past and future or just being now, it is here to guide and assist you to follow the great expanse of **YOU** in this energy called life.

It is a tool that shifts you in the direction of your ‘Soul’s voice’

It is an opportunity for you to explore and ‘write’ your own story

It is flowing movement and connection to the divine within

WHAT IS A BLUEPRINT?

“BE available for your Great Soul to shine through you”

Every Soul has a dynamic and unique patterning, encoding, expression, sound, frequency, vibration – that is so amazingly unique but is one with the Universe.

“Like instruments in an orchestra – each has its own sound but comes together to create a most incredible symphony – so it is with your Blueprint.”

Your Blueprint is a road map or guide for your life’s greatest potential and when we align and tune in with our Blueprint a whole new world, a divine path is before you!

EVERYONE can read and connect to their own Soul Blueprint – it is simply about stepping into that divine connection, being available for your great Soul to shine through you.

YOUR BLUEPRINT IS A MAP OF CREATION

“There is no other Soul like YOU in the Universe”

Your Divine Blueprint holds not just this life’s design, but the blueprint or map of all creation. Everything exists within you and as such everything exists within your Blueprint.

Your Divine has your unique sounds and codes (multi-dimensional keys of information) embedded or imprinted within it. It assists you in this life to know your highest potential in life, *yet is not destined to one path – you are a multi-dimensional Soul – believe that you can create anything through your divine!*

Codes – which is multi-dimensional information for you to access through numbers, sound, frequency, vibration etc. comes direct from our divine and is accessible 24/7!
