

Quick Setup Guide

AUDNZDc MicroScalper

Institutional Grade Quantitative System

Step 1: Network Activation

"To ensure zero latency and maximum security, this algorithm operates exclusively under our server infrastructure at Exness. Register your trading account to unlock your license."

***CREATE EXNESS
ACCOUNT HERE***

Minimum Capital: Cent Account (\$10 USD)
Standard Account (\$500 USD)

Step 2: PIN Generation

Send us an email at support.microscalper@gmail.com with your MetaTrader 5 account number **(created using the provided link)**.

We will validate your registration and send you your unique Activation Key (PIN).

Step 3: Deployment

Drag the .ex5 file onto your AUDNZDc (M1) chart and enter your PIN in the initial setup window.
