CedarLM / Pallet system-card extract (incomplete)

Document: Pallet "Desk + CedarLM" system note, dated 2027-04-02 **Harborline freeze:** 2027-09-21

Useful statements:

- CedarLM is a general-purpose text model. It can summarize and draft.
- Outputs can be wrong, omit context, or invent policy-like sentences.
- Pallet recommends human review of customer-facing text.
- Model versions change. Pallet "aims" to notify customers of material changes.
- Evaluation tables show English summarization scores on public benchmarks. **No** Harborline member-message set. **No** subgroup analysis. **No** injection-resistance test using hostile customer email.

This card is not a Harborline approval. It is not complete assurance.
