COMMENCEMENT PHOTOGRAPHY

Professional coverage for every graduate and ceremony

Graduation Day Is Complicated. The Photography Shouldn't Be.

MillerFoto handles the photographers, ceremony logistics, graduate portraits, family photos and delivery - so your staff can stay focused on the graduates and the event.

MULTIPLE PHOTOGRAPHERS. ONE COORDINATED PLAN. NO MISSED MOMENTS.

Professional execution that keeps ceremonies moving and delivers photographs quickly.

MULTIPLE PHOTOGRAPHERS

The right number of experienced photographers cover every stage position, portrait station and key moment.

STAGE PHOTOGRAPHY

Every graduate is photographed receiving their diploma, shaking hands and crossing the stage.

GRADUATE PORTRAITS

Professional portraits immediately before or after the stage give every graduate another photograph to remember.

FAMILY PHOTOS

Dedicated family portrait opportunities capture the people who helped make the graduate's achievement possible.

SAME-DAY DELIVERY

Photographs are processed and delivered quickly so graduates and families can view and share them while excitement is high.

CEREMONY LOGISTICS

We plan positions, traffic flow and timing with your team so photography supports the ceremony instead of slowing it down.

EVERY CEREMONY COVERED

One coordinated partner can cover the main commencement plus colleges, departments and special ceremonies.

PR, MEDIA & YEARBOOK

Event photographs are shared with the university teams that need them for communications, media and yearbook use.

GRADUATE SUPPORT

Our local team handles gallery, ordering and delivery questions so your university staff does not have to.

3,000+ Graduates. 14+ Ceremonies. Same-Day Delivery.

In one commencement season, MillerFoto created more than 40,000 photographs while coordinating multiple photographers, venues and ceremonies - and delivering images the same day.

Large-scale capability with local accountability.

What could be easier about your commencement photography?

Tell us about your ceremonies, graduates and current process. We'll build a plan around your university.
