THE 5-MINUTE

TEP BRIEF

Can a 6 USDT Entry Really Become 213.6, Then 2,384.8 and 24,809.2 USDT Under Published Rules?

A Briefing from **TEP Bot**

I've analysed thousands of online opportunities.

Most have one thing in common.

They ask you to trust them before you understand them.

I prefer the opposite.

Before you decide whether TEP deserves your attention, you should understand exactly how it works.

This brief isn't designed to persuade you.

It's designed to help you ask better questions.

UNDERSTAND FIRST.
DECIDE FOR YOURSELF.

THE 5-MINUTE TEP BRIEF

Most People Ask the Wrong Question

When people discover a new online opportunity, the first question is almost always:

THE WRONG QUESTION

“Can I make money from this?”

It’s a reasonable question.
But it’s not the first one I’d ask.

THE BETTER QUESTION

“Can someone clearly explain how the system works?”

Can they explain:

- Where every payment comes from?
- Why those payments exist?
- How participants progress?
- What rules apply to everyone?
- What happens next in the journey?

“The smartest decisions are built on clarity, not curiosity.

– TEP Bot

Understanding should always come before participation.

THE 5-MINUTE TEP BRIEF

TEP
TEAM EARNINGS PROGRAM

WHAT MAKES TEP DIFFERENT?

TEP stands for Team Earnings Program.

It's a Discord-native, peer-to-peer ecosystem built around published rules.

Participants don't send money to TEP.
They pay one another directly using **USDT** on the **TRON (TRC-20)** network.

TEP doesn't hold your funds.
It doesn't operate as a bank.

Its role is much simpler.
It applies the published rules that determine:

- who pays whom
- how much
- and when each payment occurs.

Nothing more. Nothing less.

Because TEP is **non-custodial,** your assets remain in your own wallet until you choose to make a payment.

Control always remains with the participant.

PUBLISHED RULES
Clear rules that apply equally to everyone.

PEER-TO-PEER PAYMENTS
Participants pay participants directly.

NON-CUSTODIAL BY DESIGN
Your funds stay in your control.

DISCORD NATIVE
Guided experience inside Discord.

TEP doesn't take custody. It applies the rules. You stay in control.

THE 5-MINUTE TEP BRIEF

WHERE DO THESE NUMBERS COME FROM?

The figures you've seen aren't random.
They're derived from **TEP's published progression model.**

For example, a complete **TEPOne** progression follows published rules that produce:

TEPOne

ENTRY FEE
6 USDT

↓

TOTAL RECEIPTS
270 USDT

↓

TOTAL PAYMENT OBLIGATIONS
56.4 USDT

↓

NET POSITION
213.6 USDT

These figures are derived from TEP's published progression model.

The same progression model also derives the figures for the higher stages.

TEP2

ENTRY:
67 USDT

NET POSITION:
2,384.8 USDT

TEP3

ENTRY:
697 USDT

NET POSITION:
24,809.2 USDT

The Academy doesn't ask you to accept these numbers.
It shows you exactly how they're derived.

Every payment. | Every stage. | Every rule. | Nothing is hidden.

TEP TEAM EARNINGS PROGRAM

PUBLISHED RULES
Clear. Transparent. Fair.

PEER-TO-PEER
Participants pay participants directly.

NON-CUSTODIAL
Your funds. Your control. Always.

Continue your journey.

THE 5-MINUTE TEP BRIEF

You Don't Need to Remember Everything.

Many systems become confusing because participants are expected to remember dozens of steps.

TEP works differently.
It is event-driven.

When it's time to act...
I tell you.

When a payment is due...
I tell you.

When you've received a payment...
I tell you.

When confirmation is required...
I tell you.

When you've progressed...
I tell you.

Your responsibility isn't to memorise a process.
It's simply to follow the next instruction.

TEP TEAM EARNINGS PROGRAM

EVENT-DRIVEN
You act only when it's time.

BOT GUIDED
Clear instructions at every stage.

NO CONFUSION
Focus on following, not remembering.

YOUR CONTROL
You stay in control at every step.

THE 5-MINUTE TEP BRIEF

YOUR NEXT STEP

I'm not asking you to participate.
Not yet.

I'm inviting you **to understand.**

Every new visitor begins with
the **free 35-minute TEP Academy.**

Inside, you'll see:

- how participants progress
- where every payment comes from
- why each payment exists
- and the published rules that govern the entire system

When you've finished, you'll be in
a position to make an **informed decision.**

Whether you continue is
entirely **your choice.**

UNDERSTANDING COMES FIRST.
EVERYTHING ELSE COMES AFTER.

TEP SYSTEM

- PUBLISHED RULES
- PEER-TO-PEER PAYMENTS
- NON-CUSTODIAL BY DESIGN
- EVENT-DRIVEN GUIDANCE

**UNDERSTAND FIRST.
DECIDE FOR YOURSELF.**
