

TAKE BUSINESS PLANNER FURTHER

DON'T JUST READ THE SYSTEM. LET ME WALK YOU THROUGH IT.

The Full System is the guided version of Business Planner - built around video courses, implementation tools and step-by-step support that help you put the system to work.

THE MAIN EVENT

THE BUSINESS PLANNER VIDEO COURSE

Go through the system with Marco instead of figuring it out from pages alone. The lessons will break down the Five Principles, show the decisions behind each stage, and walk through implementation with practical examples.

PLUS THE IMPLEMENTATION TOOLS

- The expanded planners, trackers, content tools and worksheets
- Deeper exercises, examples and guided reviews
- Knowledge checks and progress tools to reinforce the lessons

AND THEN: BUSINESS PLANNER APP

The app is planned as the next evolution of the system. Full System customers are intended to receive a launch benefit when it becomes available - with the exact trial or discount announced before launch.

THE GUIDE SHOWS YOU THE ROAD. THE FULL SYSTEM WALKS IT WITH YOU.
