YOUR BEST AUDIENCE IS CLOSER THAN YOU THINK.

A SMALL GIFT FLYER Instructions

This flyer is designed to accompany the sample or “gift” shirt you create for a prospective business.

Before using it:

1. Customize Your CommuniTees Logo
Replace CommuniTees-XYZ with your customized CommuniTees logo.

2. Add Your Contact Information
Replace the sample name, phone number and email address with your own.

3. Add Your Email QR Code
Add the Email QR Code you created in the Start Here template so interested businesses can easily contact you.

4. Customize the Message if Needed
Feel free to adjust the wording to fit your personality, community or the business you’re approaching.

5. Print and Include It With Your Gift Shirt
The flyer explains the CommuniTees opportunity so you don’t have to give the business owner a sales pitch.

Remember: The goal is to start a conversation—not close a sale on the spot.

A Small Gift For Your Business

Spoken Script for Shirt Hand-off

“Hi, I’m working on a community project and I have something for you.”
(hand shirt)

(Optional follow-up)
“It’s just a small gift—no cost or obligation.”

That’s it. Stop talking.

Let the shirt and the flyer do the explaining. If they're interested, the conversation will happen naturally.
