How it works

Read this page once before you start.

1. Get your personal link

Once your application is approved, Gumroad emails you. Log in to your free Gumroad account and open Affiliates to find your personal link for each product. Every sale made through your link is tracked automatically.

2. Share it

Use the ready-to-post texts in this kit. Replace [YOUR LINK] with your personal link and attach the product cover image (included in the ZIP file, or save it from this PDF).

3. Get paid

You earn 40% of the sale price on every sale you refer. Gumroad calculates and pays your commission automatically on its normal payout schedule. You do not need to contact us.

The rules (please respect them)

- Always say it is an affiliate link. Add this line to every post: "Affiliate link: I may earn a commission at no extra cost to you."
- No income promises. Do not tell people they will make money with trading or with these guides.
- For trading guides, add: "Educational content only, not financial advice. Trading involves risk of loss."
- No spam: do not post the same link again and again in groups, comments or private messages to strangers.
- Do not pretend to be Jinhai Group, and do not run ads on the "Jinhai Group" name.

Questions? Message Jinhai Group on Facebook or write to contact@jinhaigrp.com.
