

About Me – Renee Wright

Creator of the Digital Income Hub™ | AI-Powered Business Mentor | Passive Income Strategist

Hey, I'm Renee — a digital entrepreneur, automation queen, and your go-to guide for building smart income streams with *mini offers*, AI tools, and community-driven marketing.

After 20+ years in real estate and a major life pivot, I rebuilt from scratch — turning my knowledge into digital assets, launching faceless YouTube channels, and creating plug-and-play toolkits for entrepreneurs who want real results without the overwhelm.

I believe in building once and selling forever.

Inside my Digital Income Hub, I share powerful strategies, swipe files, and automation secrets to help you launch faster, earn daily, and grow with confidence — even if you're just getting started.

Let's turn your knowledge into income. One smart mini offer at a time.
