

The Manual of the Zero Point Card Creator!

THE ZERO⚡
POINT

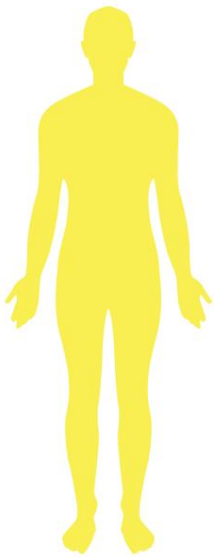

Are you ready to become a real magician?

The Magician is not the one who uses Magic Formulas, Amulets or various accessories. **The true Magician is the one who has understood that THOUGHT CREATES!**

That he/she himself is the fruit of his/her Thought!
There is NOTHING REAL IN THE UNIVERSE outside of
Thought and Soul, our PURE Part that uses Thought
to Create.

This is the Attitude you must have when using these Tools!

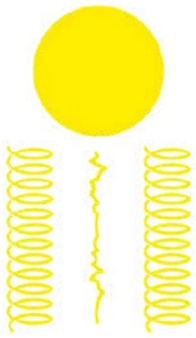

It is not the Instrument itself that makes the difference but
**it is your SOUL, through Thought, that gives ENERGY
AND POWER TO EVERYTHING!**

The Main Problem is that 99% of the thoughts we think are unconscious. Every time we are angry, disappointed, stressed we emanate thoughts that reflect our mood without us realizing it.

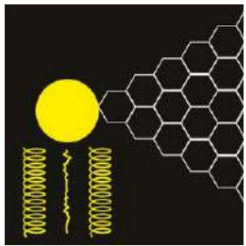

This is why it is essential to try to live **as much time as possible in the PRESENCE**. Only in this way do we become TRUE MAGICIANS capable of using thoughts in a state of CALM and absolute "CONTROL!"

Are you ready to become a real magician?

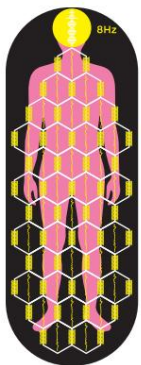

THE C-ALMA (soul) is the true Secret of everything to access our REAL ZERO POINT, where TRULY EVERYTHING IS POSSIBLE, without any limits anymore.

This is the BASIS OF EVERYTHING SO: Calm and Thought.

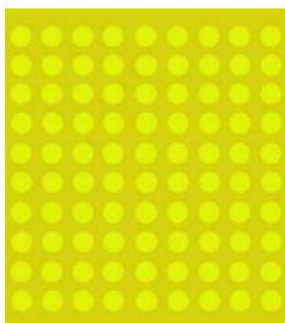

In our Game, however, we add a New Element! **THE FORM-SIGNATURE OF ANIMA!**

Every thought ultimately creates SHAPES!

What we do is use the OMNIPRESENT MATRIX FORMS OF THE UNIVERSE, the Primary Forms that Thought uses to create the EVERYTHING.

Using these Forms, through a Principle of Resonance, we can directly access the Source, know THE SIGNATURE-FORM of Soul, communicate directly with it!

Remember that everything we are doing and are doing is A GAME BETWEEN YOU AND YOUR SOUL! Take it as such and remember that in the Games anything is possible. But take this game very seriously because it is a game that can become REAL MAGIC!

“Mandatory” to See!

To conclude, I would say that this is a MANDATORY thing to DO!

That is, seeing the PUNTO ZERO SUN-DAY REPLAY, an 8-hour event where you will understand exactly what these shapes are, where they are found and why they are a matrix that has always been used! You can find the Replay on my Youtube channel Loris Sichetti, search for Punto Zero Sun-day Replay.

Seeing this Event will open your Eyes and you will start **seeing** these Matrixes EVERYWHERE! And the more you see them, the more aware you become and the more they work! This is why I consider this Vision "obligatory"!

Tips on How to Write PAPER TYPE and DESCRIPTION.

Have you ever used ChatGPT? To use it you need to issue Commands called PROMPT that tell Chat GPT exactly what to do. Now imagine that you are giving PROMPTs (commands) to your Soul through this Game! GPT Chat is just a set of Codes, your Soul is the whole Universe, so it can do anything!

DESCRIPTION:

You can start with the sentence: When I activate this card (then explain what happens and the effect you want), proceed. And end with THANK YOU.

Example: When I activate this card I get extra liquid money in my wallet within 48 Hours. Proceed, Thanks.

Always remember to end with THANK YOU!
Otherwise nothing will work!

A very effective phrase for healing is: Start a complete and definitive healing from the (problem) and all the emotional causes that caused it. Thank you.

How to ACTIVATE the Cards

From my personal Experience, the moment YOU BECOME THE CREATOR OF THESE CARDS, You Activate them Immediately, the moment you Created them.

There is a LOT of DIFFERENCE here as to whether you buy them directly from me or any other person from or CREATE THEM YOURSELF!

Trust me, the cards you create on your own will be much more powerful, you are putting YOUR CREATIVITY AND THE ENERGY OF YOUR SOUL into it!

And what's more, they will be imprinted in your memory!

So the advice I give you to activate or REACTIVATE them is simply to think again! Have you created a card to have more money and do you need it at a specific time? You just have to mentally think over your Card!

This is how I do it and it works a lot!

But the biggest piece of advice I want to give you is that in this case **YOU MUST BE THE ONE TO FIND YOUR OWN WAY OF ACTIVATING THEM CARDS, since you are the Creator!**

Come up with a trigger phrase or gesture! For example, when you snap your fingers the card is activated! You are the WIZARD!

Printed or Digital?

From my experience they work the same way!

But my advice is to print them anyway and maybe even transform them into Oracle cards to talk to your Soul and receive Messages!

In the Next Chapter you will find various ways to use printed cards.

But I repeat, intent is THE PIN OF EVERYTHING, so just keep them on your phone and imagine the card when you need it.

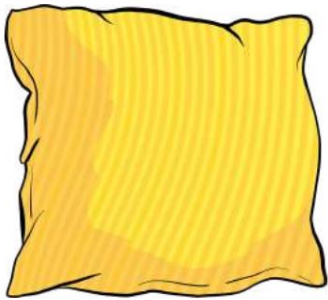

If you print them, just follow the instructions I give you in the video course, prepare the PRINT FILE and send it to your trusted print shop or stationery shop.

You can also have them laminated, no problem. The laminated cards will give a 3D effect to the card, meaning you will also see the back. But it's a choice of taste.

If you don't have them laminated, choose at least 300g cardboard for printing.

Advice on where to put the cards

Under the Pillow

Ideal for all intentions that concern dreams.

Remember that we spend a good part of our lives dreaming (if not all!). The dream is fundamental for knowing oneself. In dreams you can predict the future, heal your body, find solutions to problems, talk to your loved ones and much more. Create specific cards for your Dreams and Goals and place them under your pillow before going to sleep.

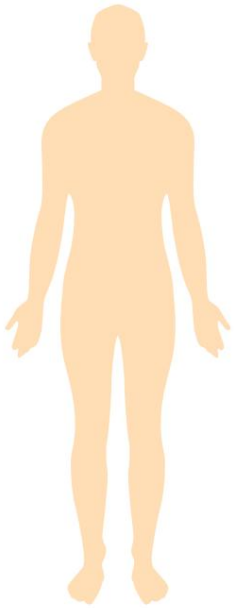

By car

Remember that we are playing and in the game everything is allowed. Why not create cards to reduce your car's consumption? Or to fix something that isn't working? Or to avoid getting fines? I have several testimonies in this case too. Like my client who managed to make the broken electric windows work for several months with an intent with the Zero Point Machine.

Trial! It costs nothing!

Advice on where to put the cards

On the Body

I have at least 3/4 testimonies of Cysts Disappearing with the Zero Point Card positioned on the Body for some time. But I have many more about resolving back pain, disappearing pimples and more. If you have a physical problem it's a way to try! Prepare a specific card for your problem and keep it on your body for as long as possible. Use a patch or band to keep the Card on your body.

Home

Do you think you have negative energies in your home? Do you feel heavy air? Or do you simply want to increase the energy in your home? Prepare special cards! Here too I have several testimonies. You can prepare a card for each room in your house and make specific intentions for each room. Furthermore, you can also place them near household appliances. Remember to also make efforts to reduce incompatibility with electromagnetic or acoustic pollution. Also prepare Card to eliminate incompatibility with Geopathies!

Advice on where to put the cards

Wallet

In the Zero Point Cards there is a Card called INCREASE LIQUID MONEY IN MY WALLET. It's a Magic card!

Every time I activated it, within a few hours cash arrived in the most different and unexpected ways!

Prepare specific cards to put in your wallet and fill it with cash! Remember Money is Energy! The more you have, the better! Last tip: Energy = Spiral! Always use the spiral in your cards that concern abundance.

Office

Bad air at work? Would you like a super relaxing day?

Prepare special cards for your work and keep them in the office! I remember a dear customer who called me one evening in shock!

He worked in the emergency room and that evening he made an effort to have a quiet evening. He told me that only one ambulance arrived that night! Something that had never happened to him in 20 years of work!

Advice on where to put the cards

Kennel and bowls

And don't we think about our animal friends? Prepare cards for their bowls and kennels! You can prepare Healing cards if they have problems or simply for protection or to increase their Energy! Or maybe increase their language ability? Have fun with this too!

Plant

Don't forget our friends Plants too!

You can prepare specific cards for their growth and prosperity! Undo Hartmann Knots and much more! Experiment here too! Why not try to bring out a new color from a flower for example? Remember that you are THE WIZARD in this game!

Have you studied the Body Meridians and Acupuncture? Very good! Create cards to bring the 2 energies into balance in the meridians you desire.

Have you invented your own energy technique? Optimal! Create special cards for us!

Who I am

Who I am here matters little!

Ultimately we are all the same thing, that is LIGHT IN THE LIGHT!

In this life my name is Loris Sichetti, I define myself as an Inventor of Psychotronic Instruments and a Soul in experience! I have had great "fortunes" in life, to be able to see very important things with my own eyes, such as my Light Body and the nature of Energy. And I believe that what I am destined to do is simply tell what I have seen to the Souls who approach on my Path. How did I understand it? Simple. It's the one thing that always succeeds and when I do it I feel HAPPY, LUCKY AND FULL OF JOY! When I try other ways, everything goes wrong! While when I stay focused on the Zero Point and my studies everything aligns. This is why I invite you to find what you are truly passionate about, **what you loved since you were little, and dedicate your life only to that! The Universe is simple! Does everything come to you with minimal effort? You are on the right path, otherwise NO!** I wish you the Greatest Good and that you can find the CALM NECESSARY to know yourself and the whole Universe.
