

Welcome to the Course

Zero Point Card Maker

IL PUNTO
ZERO ⚡

**In this VERY EASY Course we
will see 2 things:**

1: How to create Cards with your Intents, therefore exactly like the Zero Point Cards

You will be able to create hundreds of cards yourself and print them yourself on cardboard, plus I will tell you where I print them if you want exactly the same cards as the zero point!

2: How to create Oracles or Tarot cards, always using the Zero Point Matrix

**And I want to remind you that in this Course there are ALL NEW
MATRIXES!**

**But before starting I want to
tell you right away how to use
the cards and how to activate
them**

First of all you can:

Print them yourself at home, we'll see how to do it

**Or use the Digital File exactly like the Digital Zero
Point cards**

**Furthermore, if you have the Zero Point Machine I
have also prepared a Print File to put the cards on
the zero point machine**

How to activate them

**The only advice I can give you is to HAVE FUN
and DO NOT BRING ANY LIMITS!**

**Use these cards as real "magic" tools to
communicate with ANIMA!**

This is their Purpose and their Matrix!

**You can be specific in your requests or even general, the important thing is
to have fun and think about all the energy balances you may need**

How to activate them

**You can create cards for yourself or for others,
always with their consent.**

**You can also put other people's photos on the
cards to start a remote Energy Healing or any
other Intent.**

How to activate them

1: Once you have created the Charter, simply read it every time you feel the need or until the Intent is realized. Or just read it once and wait.

2: If you have the MP0, put them on top and ask Soul to carry out your Intent. That's all.

Let's start!

Let's now move on to the first part where we will see how to create intent cards.

Then we will see how to create Oracles
