

Recognize and Respond to the Signs of a Stroke:

B

Balance: Sudden loss of balance or coordination.

E

Eyes: Sudden blurred or double vision, or sudden loss of vision in one or both eyes.

F

Face: Sudden weakness or drooping on one side of the face.

A

Arm: Sudden weakness or numbness in one arm, difficulty raising both arms.

S

Speech: Sudden difficulty speaking or understanding speech.

T

Time: Time to call for emergency medical assistance if any of these signs are present.

REMEMBER, TIME LOST IS BRAIN LOST.
