

welcome to Camp Whispering Pines

Welcome Campers!

Since 1945, Camp Whispering Pines has offered generations of campers the very best in lakeside adventure.

Nestled along the shores of Lake Wren, Whispering Pines is beloved for its scenic beauty, classic summer traditions, and the enduring legend of Silas Thorne—a former lifeguard who mysteriously vanished during a midnight rescue attempt in 1986.

Some say Silas still roams the shoreline on foggy evenings, whistle in hand...No worries, though! Let's have a great Summer, campers!

Your Challenge

Camp Whispering Pines' lifeguard training materials are wildly outdated, and leadership needs your help before summer kicks off.

Using the provided materials, your job is to **identify the most important day-one lifeguard training priorities** and transform them into a 7taps course that feels engaging, practical, and actually useful for today's camp staff.

Your course should be **8–12 cards total**.
Due by **midnight on June 5**.

Assets

- [Click here to download the Camp Whispering Pines brand kit](#)
- [Click here to download the outdated Lifeguarding manual](#). This is the source material for your 7taps course. Your job is to identify and prioritize the most critical day-one training needs, not convert the entire handbook.
- [Click here to claim your free 7taps \(non-commercial\) license](#).
