

# I.E.S. THE AUTHORITY RESET

SOBER. FAITHFUL. STILL HESITATING?

This is not a recovery problem.  
This is an **authority** problem.

You did the work.  
You worked the steps.  
You walk with God.

So why do decisions  
still feel heavy?

## THE 3 SECRETS

1

The steps didn't stop working.  
They stopped being **applied to decisions**.

2

Hesitation isn't humility.  
It's **fear** wearing spiritual language.

3

Authority isn't found in certainty.  
It's built through **action**.

## 5-MINUTE RESET

1

What am I avoiding?

2

What do I already know?

3

Where am I calling fear "wisdom"?

4

What's the next step?

5

What will I do in the next 10 minutes?

If authority was leading right now...  
**what would happen in the next 10 minutes?**

## READY TO GO DEEPER?

This is leadership-level work.  
**Not maintenance.**
