How to Use These Social Post Swipes

These social post templates are designed to give you quick, ready-made content you can share on Facebook, Instagram, or anywhere your audience hangs out.

You can post them word-for-word, or adjust them to sound more like *you*. Feel free to swap in your own examples, experiences, or even a photo of yourself — little touches like that help your posts feel genuine and relatable.

Use these swipes to stay consistent, save time, and keep your side hustle visible without overthinking what to post.

Post 1 – First Steps

Big news! I just started my first online side hustle 🎉

This month, I'm focusing on [product/service], something I'm really excited about.

It's never too late to learn something new. 💪

Post 2 – Sharing a Win

I just earned my first \$[amount] online! 💰

It might not sound like much, but for me, it's proof this works.

I used [hustle/tool] to make it happen. Here's where I started:

Small steps add up! ✅

Post 3 – Sharing a Tool

I don't usually post about tools, but this one made my life a whole lot easier:

👉 [Product/Tool Name]

It helps with [task/benefit], and I think a lot of my friends might find it useful.

If you want to check it out, here's my link: [Affiliate Link]

Sometimes the right tool just makes everything click.

Post 4 – Encouragement to Others

If you've ever thought about earning a little extra online, here's my advice: just start.

You don't need to be a tech expert, and you don't need a big budget.

I began with [product/tool], and it's been a great first step.
