ADVANCED ADDITION SECTION

NOTE TO PARENTS AND EDUCATORS:

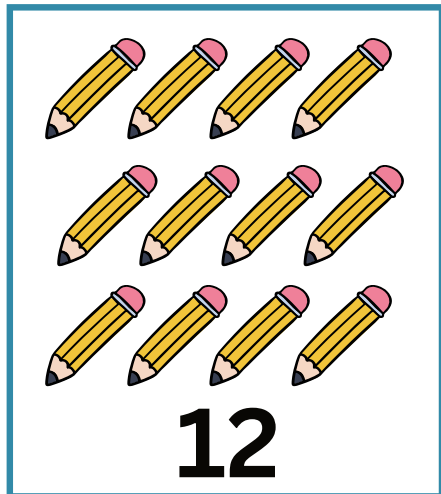

This section includes "Addition to 15" and "Addition to 20," which are intended for advanced learners. While kindergarten math typically focuses on addition up to 10, these exercises are designed to challenge and engage children who are ready to progress further.

IMPORTANT:

- Your child may or may not be ready for these advanced addition problems.
- It's perfectly normal for children to progress at different rates.
- Use these sections as an optional extension to your child's learning experience.
