

DO-IT-YOURSELF
CONVERSION

VALUE
\$ 840

YOU PAY
\$ 420

**DO-IT-YOURSELF
CONVERSION**
is a package designed
for the conversion
from original Mimaki®
inks to NUtec® inks.

DO-IT-YOURSELF CONVERSION
is the best option for operators
and printing business owners
with the necessary skills and
knowledge of the printer.

This conversion plan includes a
comprehensive step-by-step
video tutorial for an optimal
conversion process, as well as
remote technical assistance
provided through augmented
reality-enabled smart glasses,
which will be sent to the
customer at the time of
conversion.

This conversion plan covers the
necessary parts and products as
described here, as well as shipping
and return costs of the smart
glasses for the conversion process.

(***YMP - Yearly Maintenance
Procedure** is required by
Mimaki® to guarantee optimal
performance of the printers.
