

PRIVÉ ACCESS WITHOUT THE PRICETAG

THE POWER OF HYATT PRIVÉ:
A new benefit for JGOOT Lounge Members

What is it?

- 1 Don't distract yourself with earning status while focusing on honing more important skills. "Cheat" your way to top status with a dedicated Privé agent.
- 2 Typical properties will give:
 - \$100 property credit
 - Early Check-In, late Checkout
 - Free breakfast for two
 - Priority room upgrade
 - Welcome gifts/extra amenities
- 3 Globalists still have additional benefits, like waived resort fees.

How does this help the Lounger?

- Maintaining Globalist can be tricky, even when there are challenges, shortcuts, promos, et cetera
- Using Privé, Loungers can get VIP treatment, upgrades, and perks even if they only stay at 1 Hyatt a year
- Free advice on when to spend your points, and when to save them.
- No more ghost stays, mattress runs, or loopholes
- No additional cost - competing for your business!

What's the Catch?

- This would only apply to paid stays: not free nights or award stays
- You have to book the BAR (Best Available Rate)
- Only certain Hyatt properties will give benefits (HH and HP aren't required to give upgrades to elites, for example)
