

HOW MUCH FREE TRAVEL ARE YOU MISSING OUT ON?

You might be leaving \$3,000+ in free vacations on the table every year.

How to Use This Sheet

1. Write how much you spend each month.
2. Multiply by the points multiplier to see how many points you could earn in a year.
3. Add up your total points to see how much free travel that could cover!

STEP 1: CALCULATE YOUR ANNUAL POINTS

Category	Your Monthly Spend	Points Multiplier	Points per Year (Monthly × Multiplier × 12)
Dining Out 🍷	\$	3X	
Groceries 🥦	\$	3X	
Gas & Rides 🚗	\$	3X	
Online Shopping 🛒	\$	3X	
Streaming & Bills 📺	\$	1X	
Travel Bookings ✈️	\$	3X	

If you spend
\$800/month on
dining

Example:

$$\$800 \times 3X \times 12 =$$

**28,800 points
per year**

STEP 2: WHAT THOSE POINTS COULD BUY YOU

Add up your total points from Step 1, then find what that equals in real-life trips.

Points You Have	Example of What You Could Get
20,000 pts	Roundtrip flight within the U.S.
40,000 pts	3-night hotel stay
60,000 pts	Business-class flight to Europe
75,000 pts	Week in Mexico with flights
100,000 pts	Luxury hotel week or multiple trips

STEP 3: SEE THE REAL DOLLAR VALUE OF YOUR POINTS

Every point can be worth 2¢ or more when redeemed the JGOOT way.

To find your free-travel value:

$$\text{Total Points} \div 100 \times 2 = \$ \text{Value of Your Free Travel}$$

If you earned 100,000 points, that's worth at least:

Example:

$$100,000 \div 100 \times 2 =$$

\$2,000 in free travel

Many JGOOT travelers earn between 75,000–200,000 points per year — enough for \$1,500–\$4,000 in free travel!

STEP 4: TURN EVERYDAY SPENDING INTO REAL VACATIONS

Most people waste points on gift cards or cash back worth pennies.

When you use them the JGOOT way, those same points can be worth 2–5× more on flights, hotels, and even cruises.
