

400 Non-Traditional Nursing Jobs

Remember, nurse you are terrific, and you don't have to work bedside or even get experience in bedside. Nursing is filled with fantastic opportunities to create the career you love! We are often taught in nursing school that there is only one type of nursing, well maybe 4.. either way, it's not enough information to make informed decisions to end up in 100K of debt only to hate your path....So, I created this list because I want you to feel empowered to get your nursing license; you are held to another level in the public eye. So know that whatever you do, do it your way, and remember that your license is a ticket to financial freedom.

Now let me blow your mind.....Nurse Emily

Head to www.schoolofmodernnursing.com and explore nurse entrepreneurship, Somatic Nurse Coaching, Microdosing Coach and more!

Trending Top 10 Most Lucrative Nursing Jobs for 2024

Certified Registered Nurse Anesthetist (CRNA): CRNAs are often among the highest-paid nursing professionals, as they administer anesthesia during surgical procedures.

Nurse Practitioner (NP): NPs, especially those specializing in acute care, family medicine, or certain specialties, can have competitive salaries.

Clinical Nurse Specialist (CNS): CNS roles, particularly in areas like oncology or critical care, can offer attractive compensation.

Certified Nurse Midwife (CNM): CNMs specializing in midwifery can have rewarding careers with competitive salaries.

Orthopedic Nurse: Nurses specializing in orthopedics, especially those working in surgical settings, may earn higher salaries.

Pediatric Nurse Practitioner (PNP): PNPs with specialization in areas such as pediatric cardiology or critical care can command competitive salaries.

Psychiatric Nurse Practitioner: With the increasing demand for mental health services, psychiatric NPs can have lucrative opportunities.

Oncology Nurse: Nurses specializing in oncology, especially those involved in research or advanced practice roles, can earn higher salaries.

Perioperative Nurse: Perioperative nurses working in operating rooms or surgical services may receive competitive compensation.

Gerontological Nurse Practitioner: As the population ages, there is a growing demand for healthcare professionals specializing in geriatrics, including nurse practitioners.
