

Hey there 🙌

Here they are, the exact mentors, communities, and systems that helped me simplify affiliate marketing, make daily sales, and build a multiple 6-figure business online as a mom of 5. ❤️

First things first,

Please save this document or bookmark the links below. The people and systems in here genuinely changed my life online.

I came into this space knowing absolutely nothing. No tech skills, no audience (I created brand new social medias away from friends and family), no experience with digital products. Just a desire to figure out a way to make income online without sacrificing my family in the process.

Over the years, these are the mentors, communities, and systems that helped me simplify this space the most, and get real results that keep scaling.

### 🌟 #1. The Mentor Who Helped Me Believe Bigger

After purchasing a course and feeling completely lost and unsupported, this woman became my first mentor and one of the biggest reasons I started believing bigger for myself online.

She teaches:

- ✓ automations
- ✓ done for you funnels
- ✓ community building
- ✓ attraction marketing
- ✓ high-ticket sales
- ✓ simple business systems
- ✓ building a business around your life instead of letting it consume you

I've personally made over \$75k through her program alone.

Her Skool community is free to join and packed with value.

## 🌟 2. The Girl I Learned Low-Ticket Daily Sales From (when high tickets weren't selling, low tickets held me through)

This is the person that helped me understand low-ticket sales, momentum, simple offers, and how powerful low tickets really are.

She is honestly a machine when it comes to daily sales. 😄

I made over 80 sales in my first couple weeks promoting low-ticket offers after learning from her. 🔥

If you've ever wanted to learn:

- ✓ simple low-ticket sales
- ✓ mini course offers
- ✓ beginner-friendly affiliate marketing
- ✓ passive-style digital income
- ✓ simple online business systems, this is a great place to start.

⚠️ warning: Join Sydney's space at your own risk, she's the queen of low tickets. (I've only ever bought 3 things from her, and it was all her personal products, not others she offers. I wanted to learn what she was doing. 😊)

## 🌟 3. My Current Mentor

Brian helped me become more strategic and combine everything I learned from Sydney and Michele into a more cohesive business.

This shift helped lead to my highest month online yet, over \$13k in a single month.

If you're someone who already understands the basics but wants:

- ✓ more strategy
- ✓ stronger positioning
- ✓ better systems
- ✓ more intentional growth
- ✓ your own offers to scale

his mentorship has helped me a lot.

#### 🌟 4. Wayne & The \$7 Megalink System

And last but definitely not least, Wayne created the system that's currently bringing me the most consistent daily momentum online.

This is the same system I was running heavily during my highest month online.

#### What I personally love:

- ✓ beginner-friendly (with my trainings)
- ✓ low-cost entry (\$7)
- ✓ simple setup (link ready to go as soon as you log in)
- ✓ built-in webinars & systems to leverage
- ✓ allows you to earn while learning

And it's only \$7 to get started.

Most importantly,

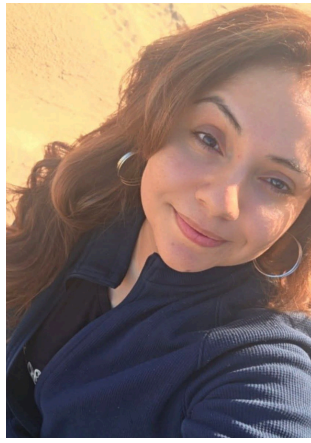

Please remember:

Results are never guaranteed and will always depend on your effort, consistency, willingness to learn, and ability to implement.

🌟 These resources changed MY life, but your results will depend on what YOU decide to do with the information. 🌟

Proud of you for being here.
