Description:

ONETRADE is a platform that allows users to open and fund their trading account with at least \$100 USDT. Which will then be used to begin the Trading via Arbitrage under contract until your funds double.

How Does Is Work?

1. Fund your trading account with a minimum \$100 USDT
2. Open a contract with an obligation of 200% return on investment
3. Your Earnings account will grow by approx. 3% daily
4. When the contract is fulfilled (24 days) you keep the EARNINGS and the TRADING account is zeroed out.
5. Should you decide to re-invest your profits your earnings will be deposited into your trading account daily and continue to grow. When the contract fulfills the 200% obligation a new contract will be created with the balance in the TRADING account.
