Private Label Rights Guidelines

Welcome to LM Digital! I'm thrilled that you've chosen one of my products to enrich your digital marketing journey. All of my PLR products are crafted to provide you with not just knowledge, but also the flexibility and freedom to use this content in a way that best suits your business needs.

1. **Modify and Personalize**: Feel free to edit the content and personalize the product to align with your brand voice and style.
2. **Rebrand and Resell**: You are permitted to rebrand the product and sell it under your own name. Set your price and keep 100% of the profits.
3. **Use as Content**: Extract sections to use as you see fit. This is a great way to provide value to your audience.
4. **Create Derivative Products**: Use the product as a foundation to create social media content, blog content or for your email list.
5. **Offer as a Bonus**: Enhance your product offerings by including these products as a bonus to your other products or services.

What You Cannot Do:

Publish as Is on Article Sites: To maintain the uniqueness of content, please do not publish the content as is on article directories or content aggregation platforms.

2. **Use Our Brand**: While you can rebrand the content, you cannot use the LM Digital name or brand as part of your rebranded product.

Best Practices:

- **Add Value**: We encourage you to add your unique perspective and insights to the content to provide additional value to your audience.
- **Stay Updated**: In the fast-paced world of digital marketing, information can become outdated quickly. Ensure to keep the content current and relevant.
- **Quality First**: While you have the freedom to modify the content, maintaining a high standard of quality reflects well on your brand and business.

Thank you for choosing LM Digital. I am excited to see how you leverage this product to grow and thrive in your digital marketing endeavors. If you have any questions or need further clarification on these guidelines, please feel free to contact us.

Master Resell Rights Guidelines

Welcome to LM Digital! Our Master Resell Rights (MRR) option provides you with additional opportunities to maximize the value of this content. Please take a moment to review the guidelines outlined below.

Your MRR License Includes:

1. **Resell the Product**: You have the right to resell this product as a standalone product. Set your own price and keep 100% of the profits.
2. **Bundle with Other Products**: Feel free to package this product with other products to create unique bundles for sale.
3. **Offer as a Bonus**: Enhance the attractiveness of your products or services by including this product as a bonus.
4. **Use for List Building**: You can use the product as a valuable incentive for building your email list.

Conditions and Limitations:

1. **No Free Distribution of MRR**: The Master Resell Rights cannot be given away for free. They are to be sold as part of a paid package.
2. **No LM Digital Brand Usage**: While you can resell the product, please avoid using the LM Digital name or brand in your marketing.

Best Practices:

- **Transparent Marketing**: Clearly communicate to your customers that they are purchasing resell rights, not the original product.
- **Maintain Quality**: Although you can resell, ensure the quality of the product is upheld to maintain a positive customer experience.
- **Stay Updated**: If updates or revisions are made to the original product, make sure your customers receive the latest version.

We appreciate your commitment to ethical and responsible use of the Master Resell Rights for your digital product. If you have any questions or need further clarification, don't hesitate to reach out to us.
