

Accessibility Statement

At **Exalted Royalty**, we are committed to providing an inclusive and accessible experience for every client—regardless of ability, background, or circumstance.

We believe that **confidence, clarity, and peace of mind are for everyone**. Our coaching programs—including the **Royal Resolution Plan™**, the **Command Calm Confidence Code™**, and the **Royal Coaching Method™**—are designed with accessibility in both format and delivery, but they are not a best fit for everyone.

Our services are **not** for those who cannot read, speak, or understand English fluently, as we are an English only speaking organization and all our content and services are delivered in **English only**.

We do have complementary discovery calls and or an application process to ensure you are a best fit client before we work together. This ensures you are clear on if working with us is the next best step for you. If it is not, we may offer you a referral that would better fit your needs.

Our Commitment

- **Digital Accessibility**

We strive to make our website, digital resources, and downloadable materials user-friendly and compatible with assistive technologies, following the **Web Content Accessibility Guidelines (WCAG)** as a framework.

- **Flexible Coaching Options**

Sessions are offered virtually to accommodate location, mobility, and scheduling needs.

- **Inclusive Materials**

All resources are designed to be clear, concise, and adaptable, so clients can engage in the way that best supports their learning and growth.

- **Ongoing Improvement**

We are continually working to improve accessibility. We welcome feedback to help identify and remove barriers so that every client feels supported, seen, and equipped to rise in confidence.

Contact Us

If you encounter accessibility challenges on our website, in our programs, or with our materials, please let us know.
