## WORK EXPERIENCE

---

### WHERE U ELEVATE

Remote, Noida, India

#### SDE Frontend Developer Intern

April 2023 – July 2023

- Significantly improved the **user experience** and visual appeal of company web pages by implementing Material-UI, resulting in a **>=30% increase** in user engagement.
- Successfully integrated APIs, enabling seamless communication between systems and a **>=15% increase in overall system efficiency**.
- Applied SEO techniques to optimize web pages, resulting in a **>=25% increase in organic search traffic, a 20% improvement in search engine rankings**.
- **Conducted informative sessions** for new employees on API integration, helping them understand its importance and implementation in website development.

## EDUCATION

---

### BHARATI VIDYAPEETH COLLEGE OF ENGINEERING

Pune, Maharashtra

Bachelor of Technology  
Major in **Computer Engineering**  
CGPA: **9.56**

Expected July 2024

### THE ORBIS HIGH SCHOOL

Pune, Maharashtra

Percentage: 92%

2018 - 2020

## PROJECTS

---

### BUZZCHAT - REAL TIME CHAT APPLICATION ([Source Code](#))

Aug 2023

- I have successfully developed a real-time chat application with Next.js, i.e **> 90% real-time**
- The application features **real-time chatting, Google and Github Authentication**, and integration of a **chatbot** powered by **OpenAI**.
- Tech Stack : **Next.js / TypeScript/ Pusher.js/ OpenAI / Tailwind/ pusher.js / Redis**

### HUSTLE TO MUCSLE - WORKOUT PLANNER ([Source Code](#))

Jan 2023

- I have developed a workout web application that allows users to **log in and track** their workouts by inputting reps and loads.
- The app also features **authentication functionality, ensuring user privacy and security**. Stay on track with your fitness goals and monitor your progress with ease using hustleto muscle
- Tech Stack : **React.js / Node.js / Express / MongoDB / CSS**

### CROWDFUNDING - DECENTRALIZED APP ([Source Code](#))

Dec 2022

- I have developed a decentralized crowdfunding Dapp similar to Kickstarter, where users can create projects and accept ether contributions through Metamask.
- This platform enables individuals to raise funds for their ventures in a decentralized and transparent manner.
- Tech Stack : **React.js / Node.js / Metamask / Solidity / web3.js / Semantic-ui-css**
