A NEW ERA BEGINS FOR YOUR DIGITAL BAGS

—From Overthinking to Overnight Sales

Let's get real for a minute: how many times have you seen someone on the internet claim to they made money while they were asleep, but when you tried, it seemed impossible?

You post. You hesitate. You question yourself. You question if you're overlooking anything. You're sitting there wondering, "What am I doing wrong?" while others are making digital sales left and right.

I was that person. I tried everything they claim as "easy" to make money online for years, but nothing worked. It either wasn't quick enough, just not working, or too hard. I believed I needed a fancy website. I thought that thousands of followers were necessary for money to come. I believed that I had to be "good" at selling.

Truthfully, I just needed the RIGHT approach.

The Instant It Happened...

I was shaken the first time I earned money online while I was sleeping. When I looked at my phone, I saw that money was waiting for me. No back and forth. No chasing clients. Just easy, automatic money.

I came to the realization that it was never about putting in more effort. The goal was to work more efficiently. I threw myself into it. I experimented, adjusted, and perfected a method that was so easy that ANYONE could follow it—no stress, no audience, and no advertisements.

And you know what? Today, hundreds of individuals have woken up to money using this exact strategy—without a large following, without spending hours online, and without obsessing over every tiny detail. It's Your Turn Now.

DIGITAL MONEY 101

Reasons why selling digital products is your best bet

Imagine opening a real store... You need money to pay rent, buy supplies, package items, and ship them. You have to buy more stock before you can make another dollar, even if you sell everything.

Think about trying drop shipping... There is no stock, but it's hard to deal with because of long shipping times, returns, and small profit margins. To keep sales coming in, you need vendors and ads.

Let's take it a step further, what about real estate? Big purchases, loans, and market risks—not exactly easy for beginners.

Now Let's Talk Digital Products ?

- ✗ There is no stock. Don't ship. No stress.
- ✗ Make it once and sell it as many times as you want.
- ✗ Full profit—no broker taking a cut.

You can sell while you sleep, with no trouble, ads, or warehouses.

This is the best and simplest way to make money online with digital goods.

Using this method, you can start with a low-cost, high-profit system that anyone can do, even if they have never done it before.

Easy. Room for growth. Right to the bag.

TERMS TO KNOW

It's not just luck that you wake up to sales; it's a plan. If you want to make money every day, you need to know how earning money online works. To make it happen, you need to know these key terms:

\$ Sleep Money, also known as Passive Income, is when you make money while you're not doing anything.

How it works: Post a TikTok at 10 PM. When you wake up, you'll have 5 bills. That's money for sleep.

\$ The digital storefront, also known as the landing page, is where the sales happen.

How it works: You can use your Stan Store as a digital checkout at any time. People who buy from you click on your landing page, pay, and get entry right away.

\$ It Goes Down in the DMs (aka: Sales Strategy) – Locking in sales straight from your inbox.

How It Works: Someone asks, “How do I start?” and you hit them with “I got you!” then slide the link right into their DMs.

\$ Tell Them What to Do (aka: CTA - Call to Action) – The magic words that make people pull out their cards.

How It Works: Be direct. Let them know exactly where to go: “Want the easiest way to make digital income? Drop ‘DIGITAL’ in the comments for the tea or click the link in my bio.”

\$ The Friendly Reminder (aka: Retargeting) – Following up with the ones who almost bought but didn't.

How It Works: They clicked the link but didn't check out? Time to slide back in: “Sis, don't forget—this is an instant download!

TERMS TO KNOW

\$ The Cash Flow Gateway (aka: Sales Funnel) – The smooth path that turns watchers into buyers.

How It Works: Someone sees your TikTok → Gets curious → Clicks your link → Buys your guide. That's your money machine on autopilot.

\$ The Success Rate (aka: Conversion Rate) – The percentage of people who see your offer and actually buy.

How It Works: 100 people check out your offer, and 15 make a purchase? That's a 15% success rate. A solid conversion is around 2%, but anything over 5%? That's elite.

\$ The No-Brainer Buy (aka: Low-Ticket Offer) – An affordable product so tempting, they grab it without hesitation.

How It Works: A \$1-\$27 offer that makes them say, "Why not?" (Example: THIS GUIDE!)

\$ The Buyer in the Making (aka: Leads) – Someone interested but hasn't hit "buy" yet.

How It Works: If they slide in your DMs asking, "Is this legit?"—congrats, you've got a hot lead waiting to be closed!

Now that you know the key terms, it's time to apply the game and stack up that digital bag. Let's get it!

IF MONEY ISN'T FLOWING, LET'S FIX THAT.

Abundance in Motion: How to Train Your Mind to Attract Sales
Shifting your mindset isn't just about thinking positively—it's about moving, speaking, and showing up like money flows to you effortlessly.

The way you carry yourself sets the tone. If you treat your digital business like a big deal, so will everyone else.

Here's how to step into abundance daily:

THE METHOD

You CANNOT attract money while speaking like you're broke. Start shifting your language to reflect abundance:

- ✗ Stop saying: "I hope someone buys today."
- \$ Start saying: "People buy from me every day."
- ✗ Stop saying: "Nobody wants to spend money."
- \$ Start saying: "People love investing in what I offer."
- ✗ Stop saying: "I can't afford that."
- \$ Start saying: "How can I create more income to get that?"

Try this: Scroll through your texts, posts, or convos and swap out any 'lack' language for words of abundance. Notice how your confidence shifts instantly.

IF MONEY ISN'T FLOWING, LET'S FIX THAT.

The "Proof is Everywhere" Challenge

Still doubting that people will buy from you? Look around—proof is EVERYWHERE.

\$ Activity: Spend 5 minutes scrolling social media and find at least 3 people selling digital products. Screenshot them as proof that money is being made right now.

Now say this out loud:

\$ "If people are making money online, so can I. My perfect buyers are out there, and they're ready to pay me."

Why this works: Your brain needs proof before it fully believes something is possible. Once you see money moving, you'll start believing it's moving to YOU, too.

The "Move Like Money Already Belongs to You" Play

Money doesn't wait for people who sit around hoping—it flows to those who act like it's already theirs. Here's how to start moving like your bank account is stacking up:

Show up every day – Post like your dream buyers are already watching.

Talk like a CEO – Own your expertise, even if you're still building.

Invest in yourself – Even a \$5 digital product can be the first step to five-figure days.

IF MONEY ISN'T FLOWING, LET'S FIX THAT.

-CONTINUED

Celebrate every dollar – Small wins are proof that bigger ones are on the way.

Try this: Next time you feel stuck, ask yourself, “How would I move if I KNEW \$10K was hitting my account this month?” Then move like that person.

Reminder: People Have Money—They Just Spend It Where They Want.

If the bag was the issue, then...

- \$ Chanel bags wouldn't sell out.
- \$ First-class flights wouldn't stay booked.
- \$ VIP sections wouldn't stay packed.

The truth? They're not saying no to your product—they're saying not right now. And that's fine because the right buyers will come when you stay consistent.

Final Thought: You're Already That Girl.

The only thing standing between you and the digital bag is believing you can secure it. The second you decide you're the type of person who makes money online, you'll start acting like it—and when you act like it, the money has no choice but to follow.

Now, run the play, claim the bag, and step into your Wake Up Paid era!

EFFORTLESS SELLING: THE OFFER THEY HAVE TO GRAB

How to Make Your Offer a No-Brainer:

-  Position Your Guide as the Only Choice – Make it crystal clear that this is the easiest way to start making money online today. No guesswork, no confusion—just results.
-  Create Urgency That Sparks Action – Limited spots, a countdown timer, or “only available to the next X buyers” creates FOMO that makes them move now.
-  Show Them the Instant Win – Highlight how simple this method is. No delays, no complicated steps—just fast, direct results.
-  Make the Value Too Good to Ignore – This isn’t just a \$5 guide—it’s a money-making blueprint that should be selling for way more. When they see how much they’re winning by grabbing it, they won’t hesitate.

Now, let’s lock in and get Wake Up Paid!

GO WHERE THE BUYERS ARE:

Selling isn't about convincing—it's about connecting with the people already looking for what you offer.

The truth is, your ideal customers are scrolling right now, searching for a solution just like yours.

So where do you find them? Right here. Let's break it down.

WHO ARE YOUR PERFECT CUSTOMERS?

Not everyone on social media is your audience. The people most likely to buy are:

-  Eager to start making money online but don't know how to begin.

-  Willing to invest but need something budget-friendly to get started.

When you focus on the right people, sales become effortless. They're not hesitating—they're ready to buy.

Now, put your offer in front of them, speak their language, and watch them say yes without second-guessing. The bag is waiting—time to lock in with Wake Up Paid!

(AND HOW TO FIND THEM TODAY)

You don't need paid ads or a massive following to get sales—you just need to show up where your buyers are already looking! Here's how to get in front of them right now.

- \$ Engage with trending content—drop a comment like, “I made \$500 doing this. Crazy easy.” (Curiosity = clicks!)
- \$ Use buyer-focused keywords in your captions so your content ranks when they search.

People are already looking for solutions—be the answer they find.

Hashtags That Attract Buyers (Not Freeloaders!)

Use hashtags that bring in serious buyers:

#SideHustleMoney
#DigitalIncome
#MoneyFromHome

WHERE YOUR BUYERS ARE HIDING

Avoid hashtags that attract broke browsers:

#EntrepreneurLife (Too broad, too many lurkers)

#WorkFromAnywhere (More dreamers than doers)

Your hashtags should put you in front of people who are **READY** to spend money.

Viral Posts = Free Traffic (Use It!)

Somebody else's viral post could send you hundreds of leads—if you know how to play it right.

Here's how to make viral content work for YOU:

- 1 Find a viral post in your niche.
- 2 Drop a comment that sparks curiosity (no gatekeeping!).
- 3 People will check your profile & see your offer.

Example: Comment a gem + a call-to-action:

"I turned my phone into a paycheck. If I can do it, anyone can."

Don't just scroll—turn other people's viral moments into your next sale.

Instagram Story Polls & DMs = Easy Sales

Some of your best buyers are already following you—they just need a nudge.

- ✓ Post a Story Poll: "Who wants to make an extra \$100 this week? "
- ✓ DM everyone who votes 'YES' and send them the link.
- ✓ Use Quick Replies to respond fast and close the sale.

Sales don't just appear—you have to go get them!

-THE DIGITAL BAG STRATEGY

Threads is the perfect spot to turn random scrollers into paying customers—if you know how to spark the right conversations. The key? Keep it light and intriguing so they come to you.

- ✅ DO: Create an engaging post that makes them want to ask for the details.

WHY YOU'RE STILL STUCK AT ZERO SALES

-(AND HOW TO FIX IT)

Let's set the scene: You finally decide to start selling digital products. You're hyped. You post about your guide, drop the link, and wait for the sales to roll in.
And then... crickets.

No likes. No comments. No notifications saying "You just got paid!"
Meanwhile, someone else is racking up sales with the same exact type of product. So what's the difference?

The difference is strategy. Because just posting a link won't cut it, babe. Let's talk about the mistakes keeping your bag on hold—and how to fix them now.

MISTAKES THAT WILL KEEP YOU BROKE

🚫 Mistake #1: Selling Like You're Desperate

Nobody wants to feel like they're being sold to—they want to feel like they discovered something valuable.

✅ Do this instead: Create curiosity. Share your journey, ask engaging questions, and let them come to you.

💡 Example:

"I was tired of watching people make money online while I struggled... until I found a method that pays me daily. No ads, no experience. Who else is tired of watching and ready to start?"

🚫 Mistake #2: Thinking 'If I Post, They Will Buy'

If dropping a link was all it took to make sales, everyone would be rich.

✅ Do this instead: Post strategically. Use social proof, urgency, and engagement tactics to get people to take action.

WHY YOU'RE STILL STUCK AT ZERO SALES

-CONTINUED

💡 Example:

"Woke up to another \$7 sale from my digital guide. It's wild how simple this is! Who wants in? 🙄"

🚫 Mistake #3: Talking to the Wrong Audience

Your friends & family might love you—but that doesn't mean they're your customers.

✅ Do this instead: Go where the buyers are. Find side hustle groups on Facebook, scroll through TikTok hashtags, and post in spaces where people are actively looking for ways to make money.

🚫 Mistake #4: Making It Too Complicated

If people have to decode what you're selling, they'll keep scrolling.

✅ Do this instead: Keep it clear and simple.

💡 Example:

"This guide teaches you how to make money online—step by step. No followers. No website. No stress."

🚫 Mistake #5: Overthinking Instead of Taking Action

Waiting until everything is perfect is the fastest way to keep your bank account at \$0.

✅ Do this instead: Post now. Sell now. Adjust as you go.

💡 Real talk: You don't need the perfect strategy to make money.

You just need to start.

QUIT OBSESSING OVER FOLLOWERS

-START STACKING PAYMENTS

The Biggest Myth Keeping You Stuck: “I need a big audience to make money.”

Let’s talk facts—chasing likes and followers won’t pay your bills. But learning how to turn your content into consistent cashflow will.

A lot of people think they need thousands of followers before they can make real money online. But ask yourself this:

💰 If a huge following guaranteed success, why are influencers with millions still struggling?

💰 If big numbers mattered, why are people with less than 1K followers cashing out daily?

THE REALITY CHECK: SMALL AUDIENCE, BIG MONEY

📌 Let’s say you have just 100 followers. If 10 people buy your \$7 product, that’s \$70 in your pocket.

📌 If 50 people buy, that’s \$350.

📌 If 100 people buy? That’s \$700—from a tiny audience.

Now imagine consistently posting, engaging, and promoting your offer. Those 100 followers turn into 1,000... then 10,000. And guess what? Your income grows right with it.

QUIT OBSESSING OVER FOLLOWERS

-START STACKING PAYMENTS

IT'S NOT ABOUT QUANTITY—IT'S ABOUT CONVERSION

The right strategy will always outperform a big, inactive audience. It's not about how many people see you—it's about making sure the right people do.

I built a six-figure digital income not by chasing trends, but by understanding how to position and sell my offer.

You don't need a viral moment. You need a system. And Wake Up Paid shows you exactly how to make it happen.

So what's it gonna be? Keep waiting for numbers to grow, or start making money right now?

SHIFT HOW YOU SEE YOUR AUDIENCE & WATCH YOUR SALES GROW

ACTIVITY: Stop Chasing Numbers & Start Seeing Value

A lot of people feel stuck because they think success only comes with huge numbers. They see 100 followers and think, "That's not enough." But let's put that into perspective...

💡 Imagine This:

- 100 people standing in your living room, all tuned in.
- 10 people waiting outside, curious about what you have to offer.
- 5 people raising their hand, ready to buy.

Would you ignore them just because they're not 10,000? Absolutely not. You'd be excited, engaged, and making sure they get exactly what they came for.

QUIT OBSESSING OVER FOLLOWERS

Your Challenge: Flip Your Mindset from “More Followers” to “More Buyers”

Post on IG, Threads, TikTok, or Facebook and say:

"I used to think 100 followers wasn't a lot... until I realized that's an entire ROOM full of people. And guess what? You don't need a big audience to make sales—you just need the right strategy. I'm testing out a system that works even if you have ZERO followers. Who wants to see what I'm talking about? 🙄"

Take It a Step Further:

📢 Go Live or Post a Story & talk about:

- Why 10-20 engaged buyers are better than 10,000 ghost followers.
- How businesses succeed by building repeat customers—not just chasing new ones.
- How most people overlook the audience they already have instead of tapping into them.

Lock It In: Speak It Into Existence

Write this down in your Notes app or on paper:

- 📌 “I am attracting buyers who are ready to invest in me.”
- 📌 “Selling digital products comes easily to me.”
- 📌 “My income is growing every single day.”

The Truth Is Simple:

- ✅ It's not about numbers—it's about impact.
- ✅ Even 5-10 engaged people can make you money.
- ✅ If you put out real value, the numbers will follow.

💡 Stop waiting for a massive audience—start nurturing the one you already have. That's where the money is.

PROVE IT: THE SOCIAL PROOF PLAYBOOK

WHAT IS SOCIAL PROOF & WHY DOES IT MATTER?

Think of social proof as your receipts—it's the proof that your product works, that real people are buying, and that it's worth the investment.

💡 Put yourself in a buyer's shoes:

Would you buy from a random store with zero reviews? Probably not. But if you see real testimonials, happy customers, and proof of sales? You're way more likely to tap in.

📌 Social proof builds trust & FOMO. When people see others buying, their thoughts go from:

- ✓ “Does this even work?” → to → “I don't wanna miss out.”
- ✓ “Is this worth it?” → to → “Other people are getting results—I need this too!”
- ✓ “I'll think about it.” → to → “Let me buy this NOW before the price goes up.”

💡 Bottom line: More trust = More sales.

NO SALES YET? BUILD SOCIAL PROOF FROM SCRATCH

You don't need hundreds of buyers to start building trust. You just need to show up with confidence and be intentional with your content. Here's how:

1 Be Your Own First Testimonial

Before you expect people to buy, be the proof that it works.

- ✓ Apply what you're selling.
- ✓ Track your progress.
- ✓ Share your wins—even the small ones!

💡 Example post:

"OMG, I just made my first \$5 sale while sleeping!!

PROVE IT: THE SOCIAL PROOF PLAYBOOK

People trust results, not just offers. Show them it works, and they'll want in.

2 Launch a "First 10" Challenge

Instead of waiting for sales, turn it into a challenge. Set a goal to land 10 buyers and document the journey.

- ✓ Share your first DM.
- ✓ Post about your first sale.
- ✓ Screenshot testimonials as they roll in.

💡 Why this works: People LOVE to buy when they see others doing the same. Momentum = more conversions.

3 Turn DMs Into Instant Proof

Even if someone just asks "Is this legit?"—screenshot it and turn it into a post.

- ✓ Blur out names for privacy.
- ✓ Post it with a caption like: "Everyone's asking about this! Here's the link 📌"

💡 Why this works: Curiosity attracts buyers. The more people see others interested, the more they'll want to check it out for themselves.

4 Show What's Possible (Even If You're Just Starting)

If you don't have a ton of sales yet, create anticipation.

💡 Example post:

"Imagine waking up to payments just like this... This guide shows you how!"

- ✓ Manifest your future success.
- ✓ Paint a picture of what's possible.
- ✓ Keep showing up consistently.

30 DAYS OF SOCIAL PROOF POSTING PLAN

📌 Post an IG story:

"What's stopping you from making money online? DM me—I wanna help!"

WEEK 4: TURNING PROOF INTO SALES

📌 Screenshot your most viewed post & say:

"People are watching... don't miss out!"

📌 Post a before & after:

"Two weeks ago, I had NO idea how to make money online. Now I'm helping others do it too!"

📌 Share a behind-the-scenes of you working on content.

📌 Drop a limited-time offer:

"Only 5 spots left to learn my exact method—who's in?"

📌 Post a “LAST CHANCE” story:

"Price goes up tomorrow! Grab it now before the deal is gone!"

📌 DM everyone engaging with your content & invite them to check it out.

WHAT THIS PROVES:

✅ It's not about having sales—it's about positioning your offer correctly.

✅ Even 5-10 engaged buyers can turn into a full-time income.

✅ Consistency builds credibility—and credibility gets you PAID.

📣 Your audience won't trust your product unless you SHOW them why they should. Now, take action and start stacking up your social proof!

4 STRATEGIES TO MAKE PEOPLE BUY FAST

If you want to make selling effortless, you need to show people why your offer is worth it. The easiest way? Social proof. When potential buyers see real results, they won't hesitate to pull out their wallets.

Here's how to build instant trust and get more people saying YES to your product.

🔥 STRATEGY #1: SHOW EVERY SALE, EVERY TESTIMONIAL, EVERY WIN

Every single sale, DM, or piece of good feedback? Post it. Every time.

✅ Post Payment Alerts – Got a Stripe, PayPal, or Zelle notification? Blur out sensitive info and share it!

✅ Highlight Customer Wins – If someone messages you saying, “I made my first sale!” screenshot it and let your audience see.

✅ Show Positive Feedback – When buyers say they love your method, put that in your stories ASAP.

✅ Pin Your Best Receipts – Keep your top testimonials at the top of your profile so new visitors immediately see proof.

Even one sale is enough to start. The more you post, the more trust you build.

📌 STRATEGY #2: CREATE A 'RESULTS & REVIEWS' HIGHLIGHT

If people land on your page and don't see proof? They'll hesitate. Don't let that happen. Make it easy for them to see results immediately.

📌 Create an IG Story Highlight & Name it:

💰 "Receipts"

🔥 "Proof"

✨ "Success Stories"

📌 What to Include:

- Screenshots of real sales & testimonials
- Your own wins using the method
- DMs from happy customers

💡 When buyers can quickly scroll through proof, they'll be ready to buy.

🎬 STRATEGY #3: SHOW THE BEHIND-THE-SCENES OF YOUR BUSINESS

People buy from brands they trust. And nothing builds trust faster than transparency.

🎬 Go Live & Explain Your Method – Show them how simple it really is.

💻 Record Your Screen – Walk them through exactly how your product works.

📱 Share 'Day in My Life' Content – Show people what it's like making money from your phone.

💡 When buyers see the process, they feel more connected—which makes them more likely to buy.

4 STRATEGIES TO MAKE PEOPLE BUY FAST

STRATEGY #4: GET CUSTOMERS TO SHARE THEIR RESULTS

The most powerful proof? Other people talking about your product.

✓ Encourage Buyers to Tag You – Say: “Post your results & tag me for a shoutout!”

✓ Offer an Exclusive Bonus – Reward customers who share their results with a freebie or bonus tip.

✓ Run a Giveaway – Give customers a reason to post—“Anyone who shares their results gets entered to win a free product!”

The more people talk about your product, the faster it sells.

FINAL THOUGHTS: SOCIAL PROOF = FOMO = SALES

📌 The more proof you post, the more people will feel like they’re missing out.

📌 Make testimonials impossible to ignore—pin them, highlight them, share them daily.

📌 Let people see YOU working, not just your product. That’s how you build real trust.

When your offer looks like the hottest thing online, buyers won’t want to miss out.

THE FLIP & STACK STRATEGY

-TURN ONE SALE INTO A MONEY MACHINE

Making a couple of dollars online is cute... but setting up a system where that money hits every day, on autopilot? That's the real goal. This isn't about getting one lucky sale. This is about building a system that flips that first sale into a stream of income that never stops.

Let's break it down:

STEP 1: SET UP A SYSTEM THAT PRINTS MONEY DAILY

Making consistent sales isn't magic—it's math. The more people who see your offer, the more people will buy.

- ◆ Post every day (or at least 3x a week) – Get in front of fresh eyes consistently.

- ◆ Use one clear, repeatable call-to-action (CTA) – Don't confuse your audience. Tell them exactly where to buy.

- ◆ Pin your top-performing content – When new people land on your page, they should instantly see why they need your offer.

- ◆ Repost your best content across platforms – A TikTok that did well? Turn it into an IG Reel. A viral Threads post? Tweet it.

- 💡 If you only show up when you feel like it, your sales will be just as inconsistent. Set a schedule and stick to it.

THE FLIP & STACK STRATEGY

-CONTINUED

STEP 2: SCALE SMART—MAKE MORE WITHOUT WORKING HARDER

More effort doesn't equal more money. Better strategy does.

- ◆ Raise your price as demand grows – Start low, but don't stay low. A \$7 product today could be \$20 next week.
 - ◆ Use limited-time pricing – Give buyers a reason to act fast: “The first 20 people get it at this price before it goes up!”
 - ◆ Ask your audience what they need next – Their questions? That's your next product idea.
- 💡 People don't hesitate to buy when they feel like they're getting in early before the price jumps. Use that to your advantage.

STEP 3: GET YOUR OFFER IN FRONT OF NEW PEOPLE—DAILY

A big audience isn't necessary. But constant exposure is.

- ◆ Drop gems under viral posts – Not spamming, but adding value that makes people check your page.
 - ◆ Team up with others in your space – Cross-promote, tag each other, or collaborate on content.
 - ◆ Jump on trends fast – If your niche is buzzing about something, post about it ASAP.
- 💡 You don't need to go viral—you just need to show up where buyers are already paying attention.

THE FLIP & STACK STRATEGY

-CONTINUED

LAST STEP: LOCK IT IN & SCALE UP

📌 A system that brings in daily sales – So you wake up to money, not just likes.

📌 A strategy to double your income – Without doubling your workload.

📌 Constant new traffic – Because the more people see your offer, the more sales roll in.

Now run the play, stay consistent, and stack these digital dollars.

FINAL REMINDER:

💡 Selling is about showing up. Scaling is about strategy. If you commit to The Flip & Stack Strategy, you'll always have:

- ✅ New buyers coming in.
- ✅ A product selling on repeat.
- ✅ A system that keeps the money flowing.

No gimmicks, no hoping for luck—just a strategy that works when you do.

So, what's next? Are you gonna keep waiting for the “right time” or start flipping that first sale into your next payday?

AUTOMATE & ELEVATE

-HOW TO MAKE MORE MONEY WITH LESS EFFORT

If you're answering the same DMs all day, manually dropping links, and constantly chasing buyers—you're wasting time and missing money.

THE REAL SECRET TO EFFORTLESS SALES? AUTOMATION.

And no, this isn't some high-tech, complicated system. It's a simple way to set up your business so it works for you—even when you're not online.

With the right automation tools, you can:

- ✓ Save time—let the system handle the back-and-forth for you.
- ✓ Keep potential buyers engaged so they don't forget about your offer.
- ✓ Respond instantly to inquiries (because buyers move FAST).
- ✓ Make money while you sleep—literally.

THE 'SET IT & COLLECT IT' STRATEGY

If your goal is to make sales without being glued to your phone, here's how to set up effortless automation:

1 Optimize Your Buying Process

- ◆ Your store link should be ONE CLICK AWAY – No DMing for a link, no extra steps. Pin it, bio it, make it obvious.
 - ◆ Use Auto-DMs – Instagram Quick Replies, ManyChat, or Stan Store's "AUTODM" tool send your link instantly.
 - ◆ Pre-Save Responses – Stop typing the same thing over and over. Have ready-to-use messages for common questions.
- 💡 If you're still manually sending links, you're doing too much. Your system should handle that FOR YOU.

AUTOMATE & ELEVATE

-CONTINUED

2 AUTO-DM = INSTANT SALES, LESS CHASING

Every second you take to respond = potential lost money. Buyers are impatient—if they don't get an answer quickly, they'll move on. That's where Auto DMs change the game.

◆ Stan Store Auto DM – Set up a keyword that triggers an instant response.

Example:

➡ Someone comments "PAYDAY" → They instantly receive the link to buy.

◆ ManyChat for IG & Facebook – This tool replies to DMs & comments automatically so you're not glued to your phone.

Example:

➡ Someone asks, "How do I start?" → They get an automatic reply with your guide link + FAQ.

3 BEGINNER HACK: THE EASY MANUAL WORKAROUND

Not ready for full automation? Use IG Story Polls instead.

📌 Example:

"Who wants to learn how to flip \$7 into daily deposits?"

✓ YES

✓ DROP THE LINK

Then, DM everyone who voted with the link manually. It's not full automation, but it works and boosts engagement.

SHUTTING DOWN OBJECTIONS LIVE – HANDLE DOUBTS & CLOSE THE SALE

People will always have excuses—your job is to remove their hesitation and make the decision easy. Here’s how to flip their doubts into instant buyers.

🚫 OBJECTION: “I DON’T HAVE FOLLOWERS”

Option 1:

"A lot of people assume you need thousands of followers to make money online. That’s a myth. Some of the biggest success stories come from people with zero audience—because this method teaches you exactly where to find buyers who are already looking for what you’re selling."

🚫 OBJECTION: “DOES THIS REALLY WORK?”

Option 2:

"If you’re still wondering ‘Does this actually work?’—let me put it like this: People inside this community are already cashing out. They started just like you—curious but unsure. Now they’re making digital deposits daily. The real question is, are you gonna watch or are you gonna start?"

🚫 OBJECTION: “I DON’T KNOW IF IT’S WORTH IT”

Option 3:

"People spend \$7 without thinking—on coffee, snacks, or stuff they don’t even remember buying. The difference? This \$7 guide can be flipped into endless paydays. I’m not saying don’t buy that iced latte... but if you had to choose between a one-time drink or a lifetime digital bag, I know which one I’m picking."
