I'm Natalie! 🐣 I'm a mum of three beautiful children, and after working 5 days a week and feeling like I was missing too much of their childhood, I decided it was time for a change. I wanted more freedom and more time with my family, so I took the leap and started my own business — and honestly, it was the best thing I ever did! 💖

No more panicking about who can pick up a poorly child, who needs to stay home, or paying for after-school childcare.

I now create personalised party and event accessories, favours and handmade printed products, which you'll find over on my eBook & TikTok Shop. I also share social media help guides, content creation tips, digital guides and the courses I used when I first started, all over on my Stan Store — including some free guides too! ✨
