Hello!

As autistic adults, we know the best support for our community comes *from* our community. But it can be tricky to find these resources, especially if you're newly discovering your place on the spectrum. So, I created this guide as a convenient tool to help you access resources, connect with the community, and support autistic-owned businesses.

If you have a suggestion or want to be added to the BARG, please email the address below. I will work to keep the list up-to-date, but keep in mind that it may take some time for me to add new suggestions. I'm excited to see how this resource evolves alongside our community!

xo. Taylor
