Four workshops. Four countries. One brush.

In 2027, I'm taking the sketchbook to four countries across Asia — each chosen for its **architectural soul, sketching richness, and painterly light.** These intimate Thu–Sun workshops are built around one belief: that value does the work, and colour takes the glory. Come sketch with me.

"Value does the work, colour takes the glory"
CORE PRINCIPLE

"Confident wrong beats tentative right"
LAW OF IRREGULARITY

"Simplify, simplify, simplify"
