

Your First \$10K Online

A Beginner's Guide

Lizelle de Kock

Hello

Hi there! I'm Lizelle, and I know exactly how it feels to be stretched thin, worrying about bills, and wishing for more time to spend with your family. Not too long ago, I was in the same boat.

Today, I'm living proof that you can break free from financial stress and create a life you love with a simple, proven system. This guide is your first step to building a successful online income—no experience needed, just a willingness to take action.

Step 1: Start with a Proven System

The easiest way to start earning online is to leverage a system that is already working. That's why I recommend using a done-for-you business model.

With this system, you get:

- A Pre-Built Website and Funnel: No technical skills needed.
- Master Resell Rights to Digital Products: Earn 100% profit on every sale.
- Automated Tools: Save time and focus on what matters.

Sign up for the done-for-you system to kickstart your journey.

Example:

How to Hit \$10K in a Month

Selling a \$900 product
= Just 12 sales
Selling a \$600 product
= 17 sales
Selling a \$300 product
= 34 sales

Step 2: Focus on Income-Producing Activities

Your time is valuable, so every minute spent working should bring you closer to earning.

This includes:

- Posting content consistently.
- Responding to leads.
- Learning new marketing skills.

Pro Tip: Dedicate just 2 hours a day to these activities. Small, consistent efforts add up!

Step 3: Build Your Audience

Your audience is your goldmine. Start by creating relatable content that speaks directly to their pain points and desires.

Share your journey, tips, and wins to build trust.

Quick Content Ideas:

- “How I Earned My First \$1K Online in 7 Days.”
- “3 Reasons Moms Shouldn’t Sleep on Digital Marketing.”

Step 4: Scale with a Lead Magnet

A lead magnet—like this guide—helps you attract the right people to your business.

Use free resources, templates, or mini-trainings to grow your email list.

Example: Offer a free guide like “5 Steps to Starting Your First Online Business.”

Step 5: Take Action Now

There's no perfect time to start—the sooner you take action, the sooner you'll see results. Remember, success doesn't come from endless planning but from doing.

What You Need:

- A commitment to work 2 hours a day.
- A willingness to learn and grow.
- The ability to take action, even when it feels scary.

13,200 in 4 weeks just had another 900 ding while putting kids to bed

Is this really my life? Wow I'm so GRATEFUL. I just tucked my kids into bed when I heard that \$900 ding on my phone. That's another \$900 sale! This journey has been absolutely life-changing. In just 4 weeks, I've earned \$13,200. I'm crying tears of gratitude because this is just the beginning. God is so good. Not only is my life changing, but I get to help others create their own success. That's the real blessing. I can't wait to see what's next. 🙏
