Techniques

PreTeen/Teen 3 Day Workshop **Intermediate/advanced dancers ages 9-14** **June 19-21, 2026 in Scottsdale, AZ**

Calling intermediate and advanced dancers, that are mature and focused, ages 9 and up!

CTT's SUMMER WORKSHOP is a one of a kind program focusing on so much more than just dance! During the 3 days of training students will spend time in the dance studio working a diverse curriculum. Their days will consist of technique classes, multiple genres of dance, Pilates, cross training, injury prevention, and a variety of specialty classes that range from intro to acting to audition prep, seminars, and more!

\$825 tuition that includes:

- 3 days of training, mentoring, goal setting, and more!
- Small classes compared to many intensives and individual attention!
- Elite training & faculty that truly care!
- A swag bag of training tools and supplies to keep!
- Lunch and water provided daily!
- Experiences & education that makes an impact & lasts.

This summer program helps students have better awareness of their alignment & biomechanics. Our specialty classes include courses to help dancer prep for auditions, performances, interviews, communication skills, and beyond!

Much like our intensives for ages 14+ we keep the class sizes small so each dancer receives individualized attention and gets to focus on not only the big picture, but specific goals and concerns as well! Our elite team includes a variety master instructors, trainers, professionals, professors, agents, and physical therapists. Every program is unique, and is geared to the select group of dancers.

Dancers will work with various training tools in the studio.

Be sure to complete the registration on our website, and see the checklist at the bottom of the forms before submitting. A payment plan timeline is there as well.

There is potential for some additional private/semi private lessons for students with master teachers in a variety of courses from dance, special focuses, etc...include acting, voice, and other specialists depending on availability. More details will be provided spring 2026.

Parents, we will share an additional schedule of a Parent Pilates Class as an add on option for those that are interested.

Classes will begin at 9am June 19th, and end around 3pm on June 21st, for those looking at flight options.

If you have any questions or possible conflicts with travel or other issues please let us know. We are happy to help accommodate if we can.

LOCAL INFO: hotels, resorts, restaurants, and more!

Scottsdale is a great area with a variety of options from basic hotels to high end resorts. A lot of dining and shopping options, and more! Below is a map that shows the location of the studio so you can get a feel for it.

In the area you have great spots like the Scottsdale Quarter, Kierland Commons, and more. Further south in Scottsdale and Paradise Valley you have a giant mall with everything from basic stores to designer stores, tons of restaurants, etc...Old Town Scottsdale is cute as well, so parents you will have lots to do while the students are training.

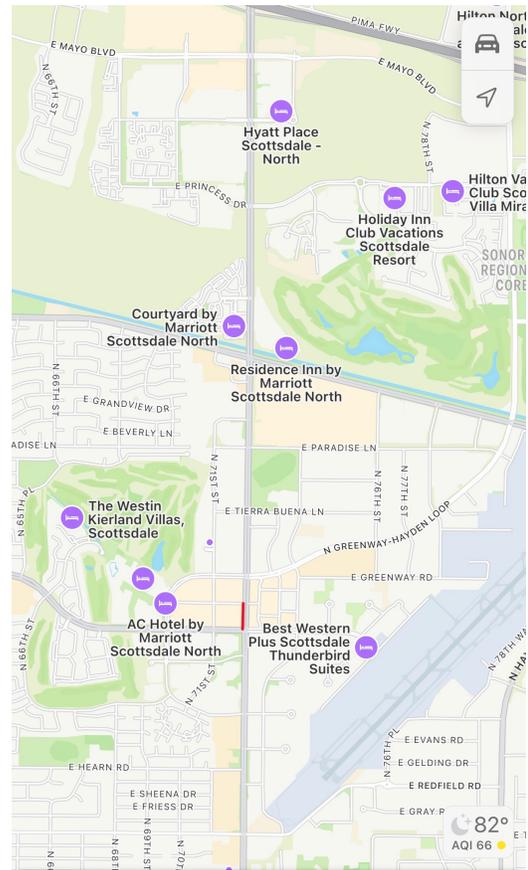

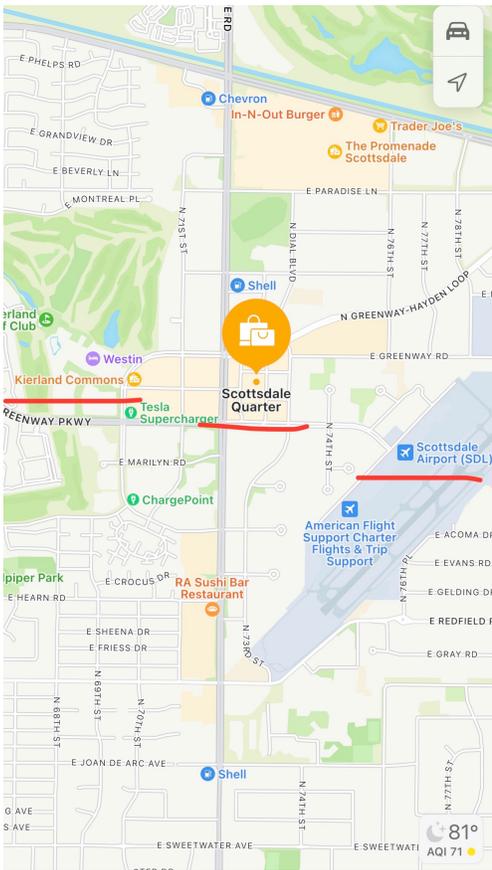

It's nice and warm in the desert this time of year, so pools & AC are always refreshing. There are endless options to pick from. If you have any questions don't hesitate to reach out. There are also a lot of AirBnB & VRBO in the area. In Paradise Valley & "resort corridor" area there are more options, just a little further away from the studio. That area is near the large mall Fashion Square and lots of things - resorts like The Phoenician, The Fairmont Princess, The Westin Kierland, and others have spas, golf, fun pools, slides, etc if you're looking for that type of place.

See the maps below with some ideas of the layout and choices of hotels. Everything shown on the map is roughly 15 min or less from the furthest points to the studio. *Please note the hotels near Mayo Clinic, Fashion Square, & Paradise Valley are some of the farther areas. Those could take more than 15 min depending on traffic. The options near the Commons, the Quarter, and by the tiny Scottsdale airport are the closest areas to studios and lots of options for other things. Remember the Phoenix Sky Harbor airport (PHX) is where you'd be flying in and out of for commercial airlines, not the one shown on the map, it's private.

Studio Z Performing Arts Center

Performing Arts Center, [Scottsdale, Arizona](#)

Notice the points of reference of the Quarter, the Commons, & the airport below. The private Scottsdale airport runs on the diagonal just inside of the 101 freeway. *The red pin is the dance studio. See next page too
