HEY, I'M TANU

Growing up, I believed in the traditional path to success: work hard, earn IT qualifications, and move to Australia on a temporary visa with hopes of building a fulfilling career.

I thought I was doing everything right.

But despite my skills and qualifications, the job market proved challenging, and landing a job felt like an uphill struggle, especially while dealing with medical issues.

During this tough time, I found myself browsing online, looking for a new direction. That's when I came across digital marketing and saw how people, even without experience, were transforming their lives.

With nothing to lose, I decided to take the plunge—and that's how my journey with @Digitalincometanu began.

IMPORTANT TERMS

DIGITAL PRODUCT

A digital product is something you create or buy that exists in a digital format, like an eBook, online course, software, or downloadable template. Instead of being physical, like a book or CD, you can access and use it on your computer or device.

DIGITAL MARKETING

Digital marketing is how businesses promote their products or services online using digital channels like social media, email, websites & search engines. It's all about reaching and engaging with potential customers where they spend time online.

MASTER RESELL RIGHTS (MRR)

When you have master resell rights to a digital product, it means you can sell the product to others and also give them the right to sell it too. It's like having the key to a treasure chest full of products that you can sell over and over again, keeping all the profits for yourself.

PRIVATE LABEL RIGHTS (PLR)

With private label rights, you can take a digital product created by someone else and rebrand it as your own. You can edit, customize, and put your name on the product, making it unique to you. It's like having your own line of products without having to create them from scratch.

THE COURSE

DIGITAL WEALTH ACADEMY (DWA)

The Digital Wealth Academy is a comprehensive, video-instructional, self-paced, step-by-step DIGITAL MARKETING course. It teaches a complete beginner how to launch and run a successful digital marketing business from scratch & how to leverage Master Resell Rights and Private Label Rights to build an online business empire.

It also teaches how to set up all necessary systems and do full business automation so you can make a passive income.

FAQ

CAN THIS BE SOLD FROM ANY COUNTRY?

YES!

All you need is a method to receive payment and you can sell this Digital Product from anywhere in the world.

DO I HAVE TO SHOW MY FACE?

No, you don't have to. Faceless accounts are actually trending right now! So, you can create your own faceless videos or you can use stock videos and make your reels with those. Showing your face is recommended for building trust with your audience, but there are other ways of doing that!

DO I NEED A LOT OF FOLLOWERS TO GET STARTED?

Not at all! Plenty of digital marketers are starting with 0 followers and making sales before reaching 100. It only takes one reel or one story to convince someone to buy from you. Just be consistent and be patient. It won't happen overnight. It's better to get 10 quality followers/leads, than 1000 not interested ones. Build a brand.

WHAT IF I DON'T MAKE A LOT OF SALES?

I was scared, too! \$497 is quite the investment. But look at it this way... You only have to make ONE sale to get your initial investment back. After that, everything is 100% profit for your business. & come on, if you keep really take the time to learn what the course teaches you and implement it, there's no way you won't even make one sale.

HOW LONG DOES IT TAKE TO LEARN AND LAUNCH?

It depends from person to person. Because of the way the course and the systems within it are setup, you COULD launch the very same day you purchase. But, I highly recommend you take the time to go through the whole course. This may take you a week to do so, depending on your schedule. You will feel more confident.
