# **STEP 3:**

## **CREATE CONTENT!**

**THERE ARE 3 METHODS FOR CREATING  
TIKTOK SHOP VIDEOS**

**IMPORTANT:**

**YOU MUST SHOW THE PRODUCT IN YOUR VIDEO**

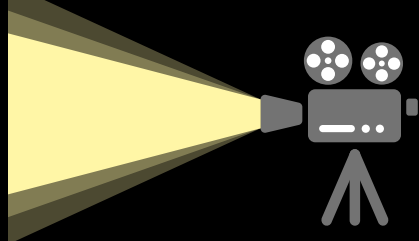

**OPTION 1: 'TALKING HEAD'**  
**\*HIGHLY RECOMMENDED\***

**OPTION 2: FACELESS**

**OPTION 1: AI**

# STEP 3:

## CREATE CONTENT!

## OPTION 1: 'TALKING HEAD'

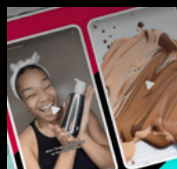

### \*HIGHLY RECOMMENDED\*

A "Talking Head" style video is a video in which you are showing your face and talking about the book, while holding the book.

This is the most common style of TikTok Shop video, and favored slightly by the algorithm.

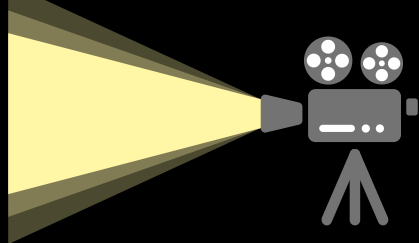

What do you say? Start with a hook - something that gets your audience's attention. Just recommend the book and speak to the value you feel like you got within the book. Be authentically you, and put yourself in your audience's shoes. Ask yourself, would I make a buying decision based on this video? Don't think too hard about the script, just be authentic.

End the video with a "CALL TO ACTION" such as "Get the book now, while they are in stock, in the orange shopping cart below."

# STEP 3:

## CREATE CONTENT!

## OPTION 2: FACELESS

You don't have to show your face to recommend this book on TikTok Shop. You don't even have to use your own voice. You just have to show the product, at any point in the video.

You can simply film the book and talk about the value you found in the book, just like you would in a "Talking Head" style video. Starting with a Hook, and ending with a "Call to Action."

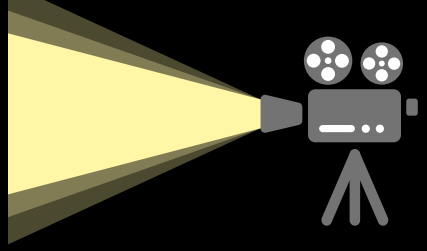

If you don't want to use your own voice, you can even use the power of ChatGPT to write your script, and create the voice to speak your script through an AI script-to-voice generating tool called ELEVENLABS.

# STEP 3:

## CREATE CONTENT!

## OPTION 2: AI

With the power of AI, you can create faceless TikTok Shop videos in just a few seconds. The tools provide easy, step-by-step video creation.

I recommend the following AI tools, which you can try for FREE by clicking the links below:

#1: CREATIFY

#2: INVIDEO AI

#3: VIDEOGEN

# FINDING PRODUCTS + WINNING SCRIPTS

I recommend using a tool called Kalodata to identify other products to sell as an affiliate seller. You can use the filters to sort products by commission and sales volume. You may chose to sell a specific niche of product such as health supplements or books.

Once you identify the winning product, you can then use Kalodata to identify the videos which have generated the highest sales volume.

You can then use Kalodata to download the script and paste it into ChatGPT to change it by 1-5%. You can then use that winning script with an AI Avatar to sell your products for you, or find an AI created video to duplicate, or simply recite the winning script yourself - depending on which content format you chose.

While selling this book on TikTok Shop can earn you excellent passive income, the true path to earning a sustainable, scalable six-figure income from anywhere is through understanding Digital Marketing and selling Digital Products for 100% Profit, through selling Done-For-You digital products that include Master Resell Rights. That is what 'The Roadmap to Freedom' provides, which you will learn about in The Nomadic Wallet.

Understanding digital marketing is to understand that being a TikTok Shop Creator is a form of affiliate marketing. Your unique affiliate link embedded in the orange shopping cart button on your video provides you with a 41% commission upon each sale.

Although affiliate marketing, like TikTok Shop provides an excellent source of passive income, the key is to have multiple sources of digital income, through affiliate marketing and through selling done-for-you digital products, that have no overhead costs.

Affilaite marketing is but a 'piece of the pie,' so to speak. The Roadmap to Freedom provides the knowlege, tools, and a collection of Done-For-You digital products (including the Roadmap 3.0 course itself) to earn the entire pie, with no additional overhead costs, and earn 100% profit
