Hello lovely, I'm tracyQ and I help beginners aged 50+ get set up on funnel platforms and feel confident about building a simple affiliate funnel, so they can make their first money online.

If you're feeling nervous, confused, or thinking "this might be too techy for me"... You are exactly who this guide was made for!

It all begins with a free Systeme.io plan and my '4-Step First Funnel Framework' I wrote this short guide as a gentle tech-phobe introduction, that will replace your overwhelm with clarity. Systeme Declassified cracks the code to stress-free funnels... And I'm going to make it super easy!

Why This Is Easier Than You Think

Back in the day, lovely, I had to spend a long time teaching myself how to get things done, so I've been looking for a system, that an absolute beginner with a budget tighter than a straight -jacket, could use to build an online business starting with \$0...

And STRESS FREE !

That system is a free Systeme.io account and my 4-Step First Funnel Framework! Don't panic, lovely... it's easier than it sounds, so grab a cuppa, lovely, and get comfy, because there's absolutely no rush. ☕

When you're ready, move on to the next page and let me bring you some clarity about why Systeme.io, along with my framework, is perfect for beginners like you...

Why This Is Easier Than You Think

This is just a gentle on-ramp into online business for people who feel left behind by tech,

Systeme.io is an all-in-one marketing tool where everything integrates with everything else smoothly.. and with just a few clicks!

While free trials for 99% of the tools expire after a limited time period, the free plan with Systeme.io doesn't, it's for life...

That means you can grow at your own pace, lovely.

The best part is, my 4-step First Funnel Framework will naturally put you in a position to earn 60% recurring commissions when you recommend Systeme.io to others... but that comes after we get you feeling confident and comfortable with the basics.

And that's why we're starting with Systeme.io...

Not because it's fancy, but because it's simple, affordable and **forgiving for beginners...**

No fluff needed with this one!
