the Plan BETTER

FREEBIE VAULT

2025

*Digital
planning
that makes
sense.*

Welcome, *Dreamer.*

I'm so happy you're here.

Whether you're a seasoned planner or someone who's just now dipping their toes into the **digital world** — this kit was made with you in mind.

For the dreamers who want **more structure.**

For the busy women juggling everything.

For the curious ones who crave a cozy space to **start again, their way.**

I know what it feels like to have **big plans** and no clear system... or to open a beautiful planner and just stare, unsure where to begin.

That's why I created this **free bundle.**

Not just to give you a few pretty pages — but to help you feel supported, inspired, and gently guided as you build your own planning style.

Inside, you'll find both cozy and editorial tools — playful and minimalist — because planning doesn't have to be one-size-fits-all.

This is more than a planner. It's your starting point for building a life you love, one thoughtful page at a time.

And this kit?

It's just the beginning.

If something inside sparks joy, makes your life easier, or feels just right... my full shop is only a click away.

Here's to organized days, soft rest, and fresh starts.

With love,
