

## ACTIVATE YOUR INTUITION REPORT©

- Do you feel '**HERE**', yet **disconnected** and **trying** to find your way?
- Do you feel there must be **more** to life than what meets the eye, yet don't know what that is? ... feel a sense of frustration and emptiness and wonder how to get free of it?
- Do you sense you're valuable yet feel like you **don't fit in**, like you're somehow '**invisible**'?
- Do you overly **rely on logic** and wonder why it doesn't always resolve these issues?
- Do you wish you could **trust your SELF** more in making **decisions** and taking **actions**?

Have you ever asked yourself questions like:

- **Who Am I?**
- **Why Am I Here?**

In today's highly technological and dynamic modern age, the level of SELF-disconnection, and disconnection from one's innate intuition, is higher than ever.

Such SELF-disconnection is the root cause of most of what ails humanity, physically, emotionally, mentally and spiritually.

Today's worldly environment 'seems packaged differently' from our traditions, yet the intrinsic applications remain the same.

A consciously connected and active intuition is as crucial now, or even more so, than it was for our ancestors, for health, wealth, relationships, balance and guidance. Therefore: YOUR intuition is your GPS and it's important to be aware of it.

Your intuition is your **inner GPS, guidance, cosmic messenger, friend, support and way-shower to all you seek on this planet, love, health, wealth, career, fulfillment and more!**

**Activate Your Intuition Report** suggests that it is **paramount** to take heed of your **intuition**, the natural, latent 'woo-woo' 'LIGHT-weight' ability (pun-intended), and

**reactivate it consciously**, transforming it into the 'heavyweight', substantial, life-altering, **lifesaving** powerhouse as it originally functioned.

The **threats, decisions, directions, regulations** to take or not, can be **better governed** by an actively, well-trained, fit, clearly communicating and properly operating intuitive capacity.

With technological advancements, behavioral control, chemical interventions, etc, in addition to the already prevalent disconnection from SELF and community and the daily negative media consumption,

to get through this transition, it's urgent to begin to **CONSCIOUSLY SELF (RE-)CONNECT AND TUNE INTO YOUR OWN INTERNAL RADIO STATION SET TO SUPPORT YOU** and guide YOU on YOUR own unique path of life.

**Waiting** until the need to rely on your intuition **could be TOO LATE** because it's important to **be able to trust** the information **immediately** and **KNOW** the information and **guidance is valid**.

Being unclear of the source of responses, due to **lack of practice and | or training, SELF-doubt lack of SELF-Trust**, could make a truly reliable inner GPS go unheeded, mistrusted exactly in time of need,

**further adding to indecision, immobility, panic**, feelings of being **trapped, unsupported, lost, sensing something's wrong** and not knowing **what to do, how to (re)act** nor **respond**, etc.

**Intuition** was originally a '**built-in**' **survival mechanism** so that the individual | the species would **be aware**, in advance, of

- approaching **danger**
- sources of **food**
- **directions** to take
- **choices** to make **for** their **health**, e.g., not eating a poisonous berry
- **for** their **relationships**, e.g., mating with the 'right' partner, unknowingly yet, for the continuation and endurance of the species, and
- **for** their '**work**', e.g., hunting, gathering and especially, surviving the process.

As previously stated, the basic categories haven't changed, only the application thereof

Being in a **time of transition** as mankind, it's **ESSENTIAL** to have a **reliable** and as **trustworthy** as possible **DYNAMIC response mechanism**.

As everyone surely knows, media and outer external 'realities' have often been filled with **fake news, fake 'truths'**, i.e., downright **LIES**, the truth and the lies mixed together in the same 'soup'.

Not knowing how to distinguish between the two and know what and whom you can trust, have often **led to being manipulated**, further deepening SELF-disconnection and lack of SELF-Trust.

And, the consequences of believing and 'eating that soup', can be likened to the poisoned apple in the famous **Grimm's Fairy Tale, Sleeping Beauty**.

In the fairy tale, the masqueraded witch offered Snow White the poisoned apple, which she ate in trust and had basically died, were it not for the power of Intuition and Love to rescue her.

Intuition and Love quite probably led the Prince to discover her on his journey and awaken her from her deep 'sleep'.

While one could say, “it’s only a fairy tale,” there is usually some measure of truth and wisdom contained within those ‘fairy tales’, such that even the most naive and innocent child can get and understand the message throughout the centuries.

No need to discuss outright LIES and cover-ups, other ‘tales’ unto themselves, often with consequences that outlive those very ‘tales’.

Being a **HUMAN BE-ING**, we STILL have a means to **navigate** all this **change** and **transition** and **come out** on the other side **healthy**, whole, **SELF-integrated**, more **developed**, **conscious**, **loving** and **humane** than when we entered this phase of planetary transformation to transpersonality.

Our well-developed and finely tuned, accurately operating **intuition** is our **built-in compass**, to be able **to survive, steer and design the transition, supported, guided and BLESSED in the SPIRIT OF BEING A TRUE HUMAN BEING.**

**So, take the universal ‘tap on your shoulder’ and ACTIVATE YOUR INTUITION TODAY!** Practice may be needed to improve its functionality in your life and times are too dynamic to wait any longer!
