Customizable Link in Bio Template

This is your fast track to getting started with digital marketing for **free**. With this Systeme.io template, and the video walk through, you'll be able to set up a "link in bio" style website where you can send a free guide to potential customers, collect emails, host your affiliate links for SWC 2.0 or any other course you have, and also list your first PLR Product for sale.

This template I've built is within the limits of the Free Version of Systeme.io. This means that you can use my template to start completely for free without having to worry about paying a monthly fee when you're just starting out.

MASTER RESELL RIGHTS

This product comes with MRR (Master Resell Rights). This gives you the ability to resell this product and keep 100% of the sale.

But there are a few requirements that you agreed to upon the purchase so here's a summary of those requirements.

Limitations on Rights:

- **No Modifications:** Buyer agrees not to modify, alter, or amend the content of the Product in any way, including but not limited to the PDF File and Video Walkthrough provided.
- **No Free Distribution:** Buyer agrees not to distribute the Product for free or as an add-on to another product.
- **Minimum Sale Price:** Buyer agrees to sell the Product for a minimum price of \$29 USD per copy.

If you want to sell this product, it's a great opportunity for you to put the skills you just learned to the test. Sell this product in the same way that I showed you how to sell the PLR product in the tutorial.

I've built the Sales Page, T&C Page, and MRR Agreement page for you.

Click on the Funnel Link Below, add a new product on your homepage, and then add the sales page link to the button.
